Welcome from the Vice President & Provost

Glasgow Caledonian New York College (GCNYC) was founded by Scotland's Glasgow Caledonian University (GCU) which was established in 1875. GCNYC is situated in SoHo in the borough of Manhattan, in close proximity to the heart of New York's globally recognized financial and fashion industries. Our GCNYC campus was launched in September 2013 by then University's Chancellor, Nobel Laureate, Presidential Freedom Medal and Congressional Gold Medal Winner, Professor Muhammad Yunus. In June 2017, the New York State Education Department granted Glasgow Caledonian New York College a Charter degree awarding authority. While GCNYC is an independent graduate college, it is strongly linked with GCU in the UK and GCU's partnership colleges, including the African Leadership College in Mauritius, the National University of Science and Technology of Oman and the Grameen Caledonian College of Nursing in Bangladesh.

GCNYC provides students with a relevant, diverse and enriching experience underpinned by a vibrant international, intellectual and cultural life, and a strong commitment to the common good. The campus attracts students from a wide range of backgrounds and from all over the world, and we pride ourselves in providing a friendly, supportive, modern and effective values-led learning environment for our students.

GCU was keen to invest in establishing a base in New York City because of the significant opportunities for intellectual, professional, cultural and business-related development that being in one of the most dynamic cities in the world would bring to our goal to provide education for the common good.

Many businesses now determined to engage with the sustainability agenda are strengthening their approach to risk management, enhancing their commitment to ethical practices and championing responsible leadership and management. Consequently, there is increasing interest for new types of educational programs, from both industry and prospective students that are committed to the betterment of society at large and developing effective business models. As a signatory to both the United Nations Principles for Responsible Business Management Education and Global Compact, GCNYC creates and delivers innovative programs, partnering with industry practitioners to produce meaningful social improvement. This is a compelling, fresh, relevant and successful approach.

GCNYC is committed to providing a rewarding higher education opportunity and experience to applicants with the potential to benefit from, and contribute to our mission and values, and in doing so have a positive social impact in the city of New York and beyond.

2.3. Master of Science Degree Admission Requirements

- 2.3.1. The Admissions Team at Glasgow Caledonian New York College holistically reviews all applications. The following criteria will help you understand our admissions process and the types of information you are required to submit.
- i. **U.S. Bachelor's Degree or International Equivalent:** All three master's programs require a four-year bachelor's degree with a minimum 3.0 GPA or equivalent. If your degree is from an institution outside the United States, the Admissions Team requires you to submit translated and evaluated post-secondary credentials. GCNYC recommends utilizing World Education Services, Inc. (WES), a third-party verification agency for a course-by-course evaluation for admission consideration. Other evaluation services will also be accepted for review. The Admissions Team will use the evaluation provided to determine if the degree is the equivalent of a four-year bachelor's degree.
 - ii. **English Language Proficiency:** All three master's programs require a solid grasp of the English language, both written and spoken. Applicants who did not complete a degree at an institution where the medium of instruction is English are required to submit IELTS or equivalent scores for the Admissions Team to review.

Minimum score requirements:
 - IELTS: 6.5 (no single element below 5.5)
 - TOEFL: 85 (school code: C614)
 - PTE: 59 (school code: 67L)

If your degree is from an institution outside the United States, the Admissions Team requires you to submit translated and evaluated post-secondary credentials. GCNYC recommends utilizing World Education Services, Inc. (WES), a third-party verification agency for a course-by-course evaluation for admission consideration. Other evaluation services will also be accepted for review. The Admissions Team will use the evaluation provided to determine if the degree is the equivalent of a four-year bachelor's degree. Official, translated and evaluated transcripts must be sent via courier or brought in person upon arrival to the College.

2.6. Application Deadlines

- 2.6.1. The Admissions Team encourages all prospective students to submit their application as early as possible to ensure a timely review process before each program reaches capacity. International students are strongly encouraged to submit their applications by the Early Action deadline to ensure ample time for the visa process and to secure accommodations.
- 2.6.2. Application decisions are delivered electronically through the application portal on a rolling basis, roughly one week after an application is submitted with all materials.
- 2.6.3. Please refer to the Admissions page at www.gcny.edu for the current deadlines.

2.7. Admissions Decisions

- 2.7.1. GCNYC will make one of three decisions on applications:
 - i. **ACCEPTED:** The student has met all requirements for admission and is granted a place in the program they applied for.
 - ii. **DENIED:** The applicant does not meet the criteria to be granted matriculated or non-matriculated standing.
- 2.7.2. Admissions decisions will be communicated to all applicants in an appropriate and timely manner.

2.8. Deferral of Enrollment

- 2.8.1. Prospective students may apply to defer their entry for up to one academic year, either at the point of initial application or by changing year of entry after securing admission. In the latter case, tuition fees and deposits paid to the College prior to deferral will be retained and carried over to the new entry trimester.

2.9. International Students

- 2.9.1. GCNYC accepts and sponsors international students into the master's programs and is able to sponsor F1 student visas.
- 2.9.2. In addition to the standard application requirements, the Admissions Team requires a video interview with international student applicants once all application materials are complete and thoroughly reviewed. A member of the Admissions Team will reach out with more information.
- 2.9.3. If applicable, International Student Applicants may also be asked to submit English Language Proficiency exam results.
- 2.9.4. Please refer to the International Students page at www.gcny.edu for more information including information about the Visa process.

2.10. Student Conduct, Terms and Conditions

- 2.10.1. By accepting an offer of admission at GCNYC, applicants are expected to be aware of, and adhere to the GCNYC Charter, Statutes, Ordinances and Regulations.

- 2.10.2. Acceptance to GCNYC does not indicate that a student has also been accepted into a similar program at Glasgow Caledonian University.

2.11. GCNYC Application Policies

- 2.11.1. Failure to submit complete, accurate, and authentic application documents consistent with admission instructions may result in denial or cancellation of admission to Glasgow Caledonian New York College. Applicants may be required to assist the Admissions Team in the verification of all documents submitted as part of the application review process.
- 2.11.2. All admissions decisions are final. The Admissions Team reviews each application holistically and thoroughly.
- 2.11.3. Glasgow Caledonian New York College does not discriminate on the basis of race, color, creed, religion, national origin, disability, political affiliation, age, sexual orientation, arrest record, veteran or marital status in its education programs or activities, including admissions.

2.12. Fraudulent Applications

- 2.12.1. GCNYC will not admit applicants if information included in the application is considered to be fraudulent. If an applicant is suspected of providing fraudulent or plagiarized information or documentation, a decision will not be made until an investigation is carried out by the GCNYC Admissions Team.
- 2.12.2. GCNYC reserves the right to withdraw an application at any point of the application process, if any part is found to be falsified. The College may also terminate a student's registration if the student is found at a later stage to have submitted a fraudulent application.

2.13. Cancellation/Change of Program

- 2.13.1. The College reserves the right to change or cancel courses in the event of low enrollment. Applicants should note that the College has the right to withdraw an offer of admission after it has been made due to circumstances beyond its control. GCNYC will communicate any such changes to the applicants as soon as possible. Alternative choices will be offered where possible.

2.14. Data Protection

- 2.14.1. GCNYC processes personal information under the auspices of the US Family Educational Rights and Privacy Act (FERPA). Under this legislation, students have the right to:
- i. Inspect and review their educational records
 - ii. Seek to amend any records that they believe to be inaccurate or misleading
 - iii. Demand that personally identifiable information be disclosed only with their consent, except to the extent that FERPA authorizes disclosure without consent
 - iv. File a complaint against the institution
- 2.14.2. See the 'Family, Educational Rights and Privacy Act (FERPA) section for further details.

3. Transfer Credit (TC) and Recognition of Prior Learning (RPL)

- 3.1.** GCNYC recognizes that some students join GCNYC already having earned some graduate-level credit at other accredited colleges, and we want to recognize the work you have done. Students may apply for two types of previously achieved learning outcomes that can apply to your studies at GCNYC: Transfer Credit (TC) and Recognition of Prior Learning (RPL).

Transfer Credit results in the acceptance of academic credits awarded by another accredited College; award of credits has to be evidenced by student's academic transcript from another College.

Whereas Transfer Credit is based on a review of academic transcript, Recognition of Prior Learning is an assessment process that involves an evaluation of the student's knowledge in a subject area that he or she is seeking an award of credit for. Thus, TC and RPL are validated differently.

The benefits of TC and RPL are a significant reduction of tuition costs and time to degree completion. Students can achieve up to 12 credits via either, or a combination of both, methods.

3.2. How do I make a Transfer Credit claim?

- 3.2.1. Students enrolling in one of our postgraduate programs, who have successfully completed postgraduate credit in a comparable course at an accredited US university, may apply for Transfer Credit. The course must be comparable to the GCNYC course (in scope, length, and rigor); have been completed within the last five years; and the student must have received a "B" or higher in the course.
- 3.2.2. The student should complete a GCNYC Transfer Request Form and attach an official transcript and course syllabus. GCNYC staff and faculty will review the documents to determine that all learning outcomes for the course for which the student requests transfer credit have been met.

3.3. What is the cost of a Transfer Credit claim?

- 3.3.1. There is no cost for a transfer credit claim.

3.4. Recognition of Prior Learning (RPL)

- 3.4.1. RPL allows for informal learning and prior experience students may have achieved before starting their degree at GCNYC to be demonstrated for earning of academic credit.
- 3.4.2. *Informal Learning* is defined as knowledge and skills gained through personal and professional experiences, as well as through non-formal (non-certificated) learning and training activities or programs.
- 3.4.3. Informal Learning will be evaluated in accordance with the GCNYC Recognition of Prior Learning Policy (RPL). Students who are interested in applying for RPL and who have been awarded an unconditional offer of admission, will be invited to attend a free, non-credit course on structural knowledge management and RPL process.

- 3.4.4. In addition to enabling the student in gaining credit within a program of study, RPL can help the student design and implement a plan for personal and/or professional development by identifying the skills and knowledge the student has already acquired and the ways in which these skills and knowledge can be developed even further.

3.5. How do you make an RPL claim?

- 3.5.1. Students become eligible for the RPL process at GCNYC once they receive an unconditional offer. Students who have been awarded an unconditional offer of admission will be invited to attend a free, non-credit course.
- 3.5.2. After completion of the non-credit course, students who decide to challenge one of the GCNYC courses for credit, will complete questionnaires for self-assessment. These questionnaires are faculty-developed and are based on course learning outcomes. The student may then choose to not pursue RPL or can take the next step by requesting an Academic Consultation.
- 3.5.3. In the Academic Consultation, a faculty member and the student will review the self-assessment and discuss the student's prior learning so the student can make an informed decision about whether or not to apply for RPL.
- 3.5.4. Students who decide to pursue the RPL process must agree to and sign "The RPL Terms and Conditions," showing their understanding of the process and their acceptance of the College's policies.
- 3.5.5. Students then prepare and submit the appropriate documentation for the courses they have chosen to pursue via RPL.
- 3.5.6. The Assessor (a faculty member, but not the same one who did the Academic Consultation) reviews the documentation and conducts an in-person interview with the student to validate the documented learning.

3.6. What is the cost of RPL?

- 3.6.1. There is no fee for the workshop and initial consultation.
- 3.6.2. If students decide to submit their documentation, they pay a review fee of \$500 per course.
- 3.6.3. If the Assessor recommends the awarding of credit for the course, the student then pays a transcription fee of \$500 per course.

3.7. How long will it take?

- 3.7.1. Our intent is that if you attend the workshop prior to your first trimester, we will be able to have your RPL credits determined prior to the start of classes for that trimester.

3.8. How will this affect my GPA?

- 3.8.1. Your transcript will reflect that you have earned credit for the course, but it will not record a letter grade or numerical mark. As a result, it will not be calculated as part of your GPA, as your GPA only includes those courses which you have formally taken in a classroom. Additionally, Transfer Credit and RPL are not a consideration when calculating satisfactory academic progress.

3.8 Will this credit transfer to other institutions?

- 3.8.1 If the student wishes to transfer to another college/university, the student will need to inquire with a college/university of interest whether or not they will accept the credit.

4. Financial Aid and Assistance

4.1. Intro

- 4.1.1. Glasgow Caledonian New York College (GCNYC) understands financing a graduate degree is a major investment for any given student. Many GCNYC students utilize different combinations of personal savings, scholarships, loans, outside grants, sponsors, or employer tuition benefits to cover the cost of attendance. The Admissions Team is happy to help each and every student explore their options. As the College for the Common Good, GCNYC wants to ensure finances are not a barrier to pursue your academic aspirations.

4.2. Tuition

- 4.2.1. Glasgow Caledonian New York College's tuition rate for the 2022-2023 academic year is \$1,052.88 per credit. The full cost of tuition for each 36-credit master's program is \$37,904.
- 4.2.2. Matriculation Fee: Students who are attending full-time or part-time are assessed a per-semester matriculation fee of \$150.
- 4.2.3. Non-Matriculation Service Fee: Students who are registered in a course for credit as a non-matriculated student are assessed a non-matriculated service fee of \$150.
- 4.2.4. More information can be found in the Fees and Refund Policy section of this Catalog.

4.3. Financial Aid Overview

- 4.3.1. Students at GCNYC are eligible to apply for only the federal Direct Unsubsidized and Grad PLUS loans.

- 4.3.2. Direct Unsubsidized Loan

A federal Direct Unsubsidized Loan is not based on the student's financial need, but students must also meet specific eligibility requirements. Interest is charged throughout the life of the loan. The borrower may choose to pay the interest charged on the loan or allow the interest to be capitalized (added to the loan principal). Direct Unsubsidized Loan is not based on credit history.

The annual loan limit is \$20,500.

- 4.3.3. Grad PLUS Loan

The federal Grad PLUS loan is not based on the student's financial need, but students must also meet specific eligibility requirements. The annual limit is equal to the student's cost of attendance, minus any other financial aid the student is receiving. Applicants are required to pass a credit check. PLUS loans carry a fixed rate and an origination fee. Certain borrowers may also be required to complete a federal PLUS loan counseling before the loan is originated and disbursed.

Before you can receive a Grad PLUS Loan, you must complete a Direct PLUS Loan Master Promissory Note (MPN), which explains all the terms and conditions of the loan and constitute your legally binding agreement to repay all the Grad PLUS Loan you receive. Someone with an adverse credit history can qualify for a Grad PLUS Loan by securing an endorser.

4.3.4. Aggregate Loan Limits

LIFETIME FEDERAL DIRECT LOAN LIMITS	
SUBSIDIZED LIFETIME LIMIT	TOTAL LIFETIME
\$65,500	\$138,500

4.3.5. Period of Enrollment

The period of enrollment for which a direct loan is intended must coincide with an academic period established by the College for which institutional charges are generally accessed. Therefore, the period of enrollment for GCNYC is fall, winter and spring trimesters.

4.3.6. Scholarships

At GCNYC we believe that a college education is an investment for a brighter future. Our institutional commitment to furthering our mission For the Common Good and our equally strong desire to build a diverse academic community made up of passionate students, regardless of financial circumstances, means that GCNYC makes every reasonable attempt to help qualified students.

In this spirit we are proud to offer merit-based scholarships. The Admissions Team can help determine if you are eligible for these. More information can be found in the admissions section of the website, [click here](#).

4.7.2. What is Exit Counseling?

Exit counseling provides important information to prepare you to repay your federal student loan(s).

If you received a subsidized, unsubsidized or PLUS or Grad PLUS loan under the Direct Loan Program, or the FFEL Program, you must complete the exit counseling each time you:

- Drop below half-time enrollment
- Graduate
- Leave school

4.8. Disbursement of Funds

- Federal Direct loan Unsubsidized and Grad PLUS loans are originated with Common Origination and Disbursement (COD)
- Entrance Counseling completion is verified

- Attendance is verified. Student must be enrolled in at least 8 trimester credit hours, and currently be in attendance when loan funds are credited to the student's account
- Student account is credited after verification of attendance
- Credit balance check is issued to the student within 14 days of the credit balance date
- First time loan recipients may have to wait for 30 days after classes start to receive loan proceeds

4.9. Loan Cancellation and Reduction

- 4.9.1. A student has the right to cancel all or a portion of the federal Direct Unsubsidized and Grad PLUS loans at any time before the loan is disbursed. Students must notify the College within the 14 days before the loan is applied to your charges and a credit balance check disbursed to you. Complete the Loan Cancellation and Reduction Form and send it to the Financial Aid Office at financialaid@gcnyc.com.

4.10. Private Credit Based Loans

- 4.10.1. Private student loan programs offered by banks and other lenders are not federal financial aid loans; instead, a student borrows directly from and makes payments to the lender. Since they are not federal student loans, the terms are different from the Federal Direct Loan Program. Students should obtain their own personal financial advice when considering finance options.

4.11. Veterans Benefits

- 4.11.1. At this time, students are not currently eligible to apply Veteran's Benefits to GCNYC tuition.

4.12. Satisfactory Academic Progress Policy

- 4.12.1. Federal Title IV regulations governing the administration of the federal student financial assistance require schools to establish a reasonable satisfactory academic progress (SAP) policy for determining whether an otherwise eligible student is making satisfactory progress in his or her educational program, and may receive assistance under the Title IV, HEA programs.
- 4.12.2. The satisfactory academic progress policy has three component parts, qualitative (GPA), quantitative (% of completion), and maximum timeframe.

Qualitative: The Cumulative GPA requirement for graduate programs at GCNYC is 3.0.

Quantitative: Students must complete at least 50% of all courses attempted every trimester of enrollment.

Maximum Timeframe: A student cannot receive Title IV, HEA funds at GCNYC if current enrollment may exceed or the student has already exceeded the maximum timeframe of the length of the program of study as defined by the College. The College defines maximum

timeframe as 150% of the program, or 54 trimester credit hours. A student exceeding the maximum timeframe has the right to appeal the denial of the federal student aid.

An SAP evaluation for federal Title IV, HEA program purposes will be completed at the end of every spring trimester. Students not meeting the published SAP policy may no longer be eligible to receive the federal student financial assistance unless the student completes the appeals process, and the appeal is approved.

Financial Aid Probation: A student who did not meet the published SAP policy requirements at the end of spring trimester, must file an appeal, and have the appeal approved to continue receiving federal student financial aid assistance. The student is placed on Financial Aid Probation upon approval of his or her appeal. The probation period is for term only. A student may be placed on an Academic Plan as part of the appeal process. Such academic plan must ensure that the student meets the SAP policy in a short amount of time.

Financial Aid Suspension: A student who was placed on Financial Aid Probation as a result of the appeal process, and who did not meet the terms of the approval, and also did not meet the published SAP policy will be placed on Financial Aid Suspension. The student will no longer be eligible to receive the federal student financial assistance at the College. To regain eligibility and reinstatement, the student must pay for own College costs, meet the published SAP requirements, then re-appeal for reinstatement.

Maximum Timeframe: A student who has exceeded the maximum timeframe or will exceed the maximum timeframe with current enrollment will no longer be eligible to receive the federal student financial aid assistance. The student must appeal and state the reason why he or she failed to complete the program by the allowable maximum timeframe period. The appeal must be approved for the student to continue receiving federal student financial assistance.

4.13. Appeal Process: Financial Aid

4.13.1. It is the responsibility of the student to initiate the appeal process after receiving notification from the College that he or she is no longer eligible to receive federal student financial assistance by completing the Appeal Form.

- All course work taken at the College whether a course grade was received or not will be counted as part of the attempted course work, and it will be used in determining the maximum timeframe eligibility used.
- A student whose financial aid has been suspended can appeal that decision by going through the appeal process by completing the appeal form.
- The appeal form must be supported with acceptable documentation showing extraordinary circumstances beyond the student's control as a reason for not meeting the published SAP policy.
- Death, serious injury or the hospitalization of an immediate family member may be an acceptable reason for not meeting the SAP policy
- Loss of job, loss of transportation, found a job after classes start, childcare issues, or lost interest in the course are not acceptable reasons for not meeting the SAP policy.

The appeal must include the following:

1. Why the student failed to meet the published SAP policy.
2. What has changed, and what the student has done to ensure that henceforth, he or she will meet the published SAP policy.

The decision of the Financial Aid Officer is final.

A student whose financial appeal was denied can regain reinstatement by paying for his or her own Colleges costs and meet the published SAP policy. The student must re-appeal and the appeal approved to gain reinstatement.

4.14. Tuition Refund Policy

Please see the Fees and Refund Policy section of this Catalog.

4.15. Return of the Title IV Funds Policy (R2T4)

- 4.15.1. Federal student financial aid is awarded to a student with the expectation that the student will complete all the courses for the trimester for which financial aid was received. If the student completely withdraws from all the courses, whether officially, or unofficially, before the 60% point of the trimester, the College is required to perform a Return of Title IV Funds calculation to determine what percentage of the financial aid the student received was earned by the student. A student may have to return a portion of the financial aid received if they were not in attendance up to the 60% point in the trimester.

In line with federal regulations, unearned Title IV funds will be returned to these programs in the following order:

1. Direct Unsubsidized Loan
2. Grad PLUS Loan

Any unearned portion of the previously disbursed federal student aid will be charged back to the student as a debt owed to the College.

Please note that the Return of Title IV Funds is separate from the College's Tuition Refund Policy.

4.16. Official and Unofficial Withdrawal

- 4.16.1. Official Withdrawal

Students who are considering withdrawing from GCNYC are strongly encouraged to discuss their situation with their Academic Advisor first. Should a student decide to withdraw then they must notify the Director of Academic Engagement and fully complete the withdrawal form (including gaining all necessary signatures) available on the College's website.

- 4.16.2. Unofficial Withdrawal

If a student begins to attend class(es), receives federal Title IV aid, but then stops to attend "all" the courses they had enrolled in that trimester without officially withdrawing from the College, the US Department of Education considers that to be an Unofficial withdrawal. The

student has not unofficially withdrawn from the College if they are still attending at least a class.

Any unearned portion of the previously disbursed federal student aid will be charged back to the student as a debt owed to the College.

Please note that the Return of Title IV Funds is separate from the College's Tuition Refund Policy.

5. Registration, Attendance and Student Records

5.1. Registration

- 5.1.1. Students are responsible for registering for their courses each trimester and being aware of registration dates (located in the Academic Calendar). Students in good financial standing will receive an email from the Registrar on the first day of the registration period containing a link to the registration page for that trimester. Students must register for courses via this page.
- 5.1.2. If a student is not in good financial standing at the time of registration, they will receive a reminder and instructions on payment options. They will not be provided with the link to register for courses until their financial standing has changed. For more details, see the Credit Control and Debt Management Policy section of this catalog.
- 5.1.3. Failure to complete registration by the first day of classes will mean that students may not be eligible to take classes for that trimester. Registration after the registration period ends requires a \$50 late registration fee per course.
- 5.1.4. Registration after the first week of classes requires the approval of the Vice President & Provost and will require the payment of a \$50 late registration fee per course should the student be allowed to register.
- 5.1.5. For questions, students should contact their Academic Advisor.
- 5.1.6. GCNYC Tuition Refund Schedule

Please refer to the Fees & Refund Policy section in this Catalog for the Tuition Fee Refunds and Schedule.

5.2. Student Status

- 5.2.1. At GCNYC, student status is based on the number of credits undertaken each trimester.
 - i. Full-time status requires a minimum of 9 credits of course work per trimester.
 - ii. Students who register for less than 9 credits are considered to be part-time.

5.3. Attendance Requirements

Attendance and arriving to class on time are of key pedagogical importance. Successful progress towards a degree depends on the full cooperation of both students and faculty members. Courses at GCNYC utilize lectures and classroom discussions, which means that regular attendance, timely arrival, and active participation are essential and critical parts of the educational process.

- 5.3.1. On this basis, the College expects students to attend ALL classes, and requires attendance to be taken and recorded in all scheduled course sessions. Mandatory course sessions may take place on or off campus, in classrooms, laboratories and workshops, and at different times of

the day or evening, as specified in the course syllabus or other course materials distributed to students.

- 5.3.2. Notwithstanding the expectation that students will attend all classes for which they are registered, the College understands that circumstances may require an absence. However, as graduate courses are organized in large blocks of time, it is college policy that students who miss more than two classes should withdraw from the course; students who fail to complete the withdrawal form will be given a grade of "X" for lack of attendance. (See 14.7.5)
- 5.3.3. An absence from a class session does not exempt a student from the completion of all missed academic work, and for covering the material delivered in any missed class session.
- 5.3.4. Students that are receiving federally funded financial aid should be aware that excessive absences can affect their eligibility.
- 5.3.5. Faculty are responsible for taking attendance, reporting absences and providing attendance records to the Director of Academic Engagement each trimester.

5.4. Leave of Absence

- 5.4.1. Students wishing to withdraw temporarily from the College should consult with their Academic Advisor who will assist with the completion of the request form that is submitted to the Office of the Registrar. Normally, a Leave of Absence from study is granted for one trimester but may be extended to a maximum of two trimesters in exceptional circumstances. Students applying for a leave of absence must be in good academic and social standing. An approved leave of absence provides students with the right to return to the College and register for a future trimester without applying for readmission.
- 5.4.2. A Leave of Absence must be applied for and approved by the Vice President & Provost in advance of the trimester in which it is to be taken. Students registered for and attending classes are not permitted to apply for a Leave of Absence retrospectively. They must withdraw from any courses in which they are enrolled following College protocol. Students are responsible for being aware of the College's Tuition Refund Schedule (section 10).
- 5.4.3. Students granted a Leave of Absence for medical reasons may be required to provide documentation from their health-care provider that they are medically fit to resume their studies. Students failing to return from a Leave of Absence within one calendar year must apply for re-admission. If they are re-admitted, they will be governed by the degree requirements in effect at the time of re-admission.
- 5.4.4. Students on a Leave of Absence are charged a \$150 matriculation fee for each trimester they are on leave.
- 5.4.5. Students that do not apply for a leave of absence and do not register for classes by the second week of the trimester will be administratively withdrawn. They will need to reapply to the College if continuing in a subsequent trimester. They will be charged a re-application fee of \$150.

5.5. Auditing

- 5.5.1. If a student would like to audit a course, the student must contact the Director of Academic Engagement for permission. A student is allowed to audit one course without being charged a fee. If a student chooses to audit additional course, they are charged for audited courses at 50% of the tuition fee.
- 5.5.2. Courses cannot be audited as a means of satisfying requirements for an incomplete grade or as a means of changing a previous grade.

5.6. Course Drop/Add Policy

- 5.6.1. Students may request changes in their course schedules during the College's drop/add period which ends on the Friday of the first week of classes. Any schedule changes after this period will be considered a withdrawal from the course. A schedule change is not considered official until it is processed by the Office of the Registrar.
- 5.6.2. To Drop/Add a course, students must complete and submit the [Drop/Add form](#) (as well as obtain the required signatures) to the Director of Academic Engagement.
- 5.6.3. To learn how this will affect tuition payments please refer to the College's Tuition Refund Policy in Section 10 'Fees and Refund Policy'.

5.7. Withdrawing from a Course

- 5.7.1. Students may withdraw from a course after the drop/add period and will receive a (W) on their transcript.
- 5.7.2. Should a student decide to withdraw from a course then they must notify the Director of Academic Engagement and complete the withdrawal form (including gaining all necessary signatures) available on the College's website. See Section 10 'Fees and Refund Policy' for further questions.
- 5.7.3. For more information on how a withdrawal affects a student's transcript and GPA please refer to Section 14 'Grading Policies'

5.8. Withdrawing from the College

- 5.8.1. Students who are considering permanently withdrawing from GCNYC are strongly encouraged to discuss their situation with their Academic Advisor first. Should a student decide to withdraw then they must notify the Director of Academic Engagement and complete the withdrawal form (including gaining all necessary signatures) available on the College's website. See Section 10 'Fees and Refund Policy' for further questions.

5.9. Re-Admission to the College

- 5.9.1. Students who have officially withdrawn from the College, or who have been away from the College past the deadline of an approved leave of absence, must apply for re-Admission. Please contact the Director of Recruitment & Admissions and complete the form available on the College's website.
- 5.9.2. Applications for re-admission must be made at least 60 days before the trimester begins, and additional material may be requested to inform the College's decision to re-admit.

- 5.9.3. Students dismissed from the College on academic grounds are not normally permitted re-admission. Re-admitted students may register for classes with the assistance of their Academic Advisor at any time after the re-admission is approved and the requirements completed, provided this is after the priority registration period for the trimester of entry.

5.10. Maintaining Up-to-Date Contact Details

- 5.10.1. Students should inform the College of any change of details such as:
- i. name
 - ii. phone number
 - iii. personal email
 - iv. address
 - v. emergency contact information

Students should contact their Academic Advisor to make such changes.

5.11. Policy on Student Identity Verification

- 5.11.1. Glasgow Caledonian New York College has a process in place to ensure that the student registering for an online course is the same student who participates in the course or receives course credit, primarily through the use of a secure login and password.

Upon enrollment, all students at GCNYC are provided with a GCU Username for secure access to the College's system. Additional account information includes a Student ID Number, College email, and Username for Blackboard (online course management system for distance education). Students are assigned a password when their account is first established in the Student Record System. The password provided can be changed at any time; however, the password will only be valid for 90 days. All students will need their Student ID Number to be able to change their password. Instructions for password reset can be found at: <https://www.gcu.ac.uk/forefront/>.

The GCU Helpdesk and the GCNYC Office and Events Manager, are jointly responsible for ensuring compliance with this policy and for ensuring all necessary personnel are informed of any changes in the policy in a timely fashion. Transmission of login information is secured using standard encryption technology. For security purposes, students are required to reset their password every 90 days.

At this time there are no additional fees associated with student verification.

- 5.11.2. Student Responsibility

At GCNYC, a commitment to excellence, fairness, honesty, and respect within and outside the classroom is essential to maintaining the integrity of our community. The Academic Integrity policy specifically prohibits all forms of cheating, plagiarism and academic dishonesty.

All students are responsible for maintaining the security of usernames and passwords assigned to them. While GCU and GCNYC take every precaution to protect the security and integrity of their network, it is an individual's responsibility to take additional precautions, such as backing up email, contacts, documents, assignments, etc. Users are held responsible for knowledge of the information contained within the most recent GCNYC college catalog. Failure to read and comply with College guidelines will not exempt users from responsibility.

Glasgow Caledonian New York College complies fully with the provisions of the Family Educational Rights and Privacy Act (FERPA). This protects the privacy of student information. The full policy can be found on the College website, [click here](#).

- 7.9.1. Glasgow Caledonian New York College is committed to providing equal educational opportunity and participation for students with disabilities. We work with GCNYC students to determine appropriate and reasonable accommodations that support equal access to education. Confidentiality is of the utmost importance. Disability-related information is never disclosed without student permission.

Students are then responsible for having their accommodations plan signed by necessary faculty for final

approval returned to the ODS. Students are responsible for submitting a request for accommodations each trimester.

7.9.4. It is the student's responsibility to request an accommodation. As some accommodations may take considerable time to arrange, students are urged to contact the GCNYC Disability Services Coordinator at ods@gcnyc.com in order to request an accommodation as soon as possible after receiving notice of admission to the College.

7.9.5. The information and documents provided in support of a student's request for an accommodation shall be maintained as confidential. Individually identifiable information will not be disclosed except as may be required or permitted by law or pursuant to a release signed by the student.

8. Code of Student Conduct

8.1. Introduction

This Code of Student Conduct (“the Code”) applies to all students. GCNYC believes that effective learning and teaching is best achieved in an ordered and disciplined environment. The Code seeks to ensure that student discipline is maintained in a manner that promotes fair and equitable treatment of all students. The Code is non-contractual and Glasgow Caledonian New York College (“the College” and “GCNYC”) reserves the right to digress from it, alter it or withdraw it any time.

One of the purposes of this Code is to help and encourage students to achieve and maintain standards of conduct required by the College. It is essential that all students comply with these standards and understand that if they fail to do so this is likely to lead to action by the College. The Code also outlines the action that will be taken when those standards are not met.

We therefore recognize the importance of attempting to resolve issues concerning unsatisfactory conduct within the College and we will take all measures to do so.

8.2. Application of the Code

- 8.2.1. This Code is not intended to create rights beyond our legal obligations.
- 8.2.2. All students of the College are subject to the jurisdiction of the Vice President & Provost of GCNYC in respect of their conduct.
- 8.2.3. The Vice President & Provost, through the Title IX Coordinator, has overall responsibility for the application of the Code.

8.3. Circumstances in which the Code will apply

- 8.3.1. GCNYC will apply the procedures set out in this Code if it contemplates taking disciplinary action against a registered (or previously registered) student (unless the College, in its sole discretion, decides that it is inappropriate to do so).
- 8.3.2. The Code also applies to any offenses committed in another institution which students attend as part of a College course such as external secondments, placements, field trips, residential trips, etc. or part of any reciprocal agreement with another institution and/or when committed by any students to and/or on any “College Property.” This includes any property and/or premises owned or controlled by the College or to which access has been gained through membership of the College, including but not restricted to student services provided by another institution, athletic facilities, halls of residence, or other institutions providing services or facilities to students on behalf of, and in agreement with, GCNYC.

8.4. Policy for Alcohol/Drug Use Amnesty

The health and safety of every student at GCNYC is of utmost importance. GCNYC recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that an offense, including but not limited to domestic violence, dating

violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. GCNYC strongly encourages students to report domestic violence, dating violence, stalking or sexual assault to institution officials.

- 8.4.1. Any student acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to GCNYC's officials or law enforcement will not be subject to disciplinary action under the Code for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.
- 8.4.2. GCNYC's full Drug and Alcohol Policy and Drug and Alcohol Abuse Prevention Information can be found in Campus Safety Section 17.

8.6. Procedures

8.6.1. Preliminary Review

Upon receiving a report of or otherwise learning of an alleged violation of the Code of Student Conduct or other College policy, the Title IX Coordinator will present the information to the Select Disciplinary Committee to determine the most appropriate course of action. The Select Disciplinary Committee (SDC) will determine whether an informal frontline resolution is appropriate or if the launch of a full investigation is required. The SDC will then present their decision to the Title IX Coordinator.

If the SDC determines that an informal resolution is appropriate, the Director of Academic Engagement will be notified and they, along with the Title IX Coordinator will determine an appropriate frontline resolution.

If the SDC determines that a full investigation is necessary, the Vice President & Provost will be notified and the Title IX Coordinator or their designee will proceed with the investigation.

If the alleged violation is related to dating violence, domestic violence, sexual assault, Title IX Sexual Harassment or stalking, the Title IX Coordinator will determine whether there is reasonable belief that a policy has been violated and determine if they will conduct an investigation. See more in Campus Safety Section 17.

8.6.2. Investigation

Prior to any disciplinary action being taken, the allegation(s) will be investigated by the Title IX Coordinator, who will forward evidence, as appropriate, to the Select Disciplinary Committee.

Any cases of alleged dating violence, domestic violence, sexual assault, Title IX Sexual Harassment or stalking will use a separate investigation procedure conducted by the Title IX Coordinator. See Campus Safety (Section 17.)

Except in cases of student interim suspension as described below, the Title IX Coordinator will normally deliver the findings of their investigation to the Select Disciplinary Committee within 21 days. The SDC shall normally convene within 28 days of notification of the allegations to determine whether the alleged offense occurred and to take further action in accordance with the code.

i. Meeting with Reporting Party

The Title IX Coordinator or a designee may meet with the reporting party to review the complaint and request additional information. The Title IX Coordinator or a designee may also meet with other members of the GCNYC community who may have information to share in relation to the complaint. The reporting party will be given a copy of GCNYC's Code of Student Conduct and and/or any other relevant policies and procedures.

ii. Notification to Responding Party

The Title IX Coordinator or a designee will notify the responding party in writing as to the receipt of the complaint, the opportunity to respond to the complaint, and the need to meet with the Title IX Coordinator or a designee. Upon meeting with the Title IX Coordinator or a designee, the reporting party will be given access to GCNYC's Code of Student Conduct and/or any other relevant policies and procedures. Prior to the disciplinary hearing, the Respondent will receive a copy of all relevant evidence presented to the Select Disciplinary Committee, which will be referred to during the hearing.

iii. Records

Where an alleged Offense has occurred, the Title IX Coordinator will consult records to ascertain if the student has a previous offense recorded on the central register of student disciplinary offenses. Where a previous offense has been recorded the second/subsequent offense will then be reported to the SDC for consideration.

8.6.3. Interim Suspension

GCNYC reserves the right to suspend students on an interim basis from GCNYC property, programs, and functions pending the outcome of a disciplinary review, where there is reasonable cause to believe the student's alleged behavior or continued presence at the institution poses a danger to the health, safety, or general welfare of the GCNYC community. The Vice President & Provost shall have the authority to suspend the student. Where a student has been suspended, the Title IX Coordinator will conduct the investigation and provide their findings to the Select Disciplinary Committee within 14 days. This timescale may be modified if the allegations are complex and/or involve detailed investigation and/or a number of witnesses.

8.7. No-Contact Orders, Other Interim Measures, and Orders of Protection

- 8.7.1. In issues where there is a reporting individual and a Respondent, the Vice President & Provost, on the recommendation of the Title IX Coordinator, has the right to issue a No-Contact Order or implement other interim measures.

Under a No-Contact Order, the Respondent is to have no contact with the reporting person, in person, by voice technology or electronic communication. Should both parties appear in the same public space, it is the responsibility of the Respondent to depart. In the event that a "No Contact Order" is issued, the Select Disciplinary Committee must convene within 7 days to determine whether the order is to be extended and for how long or to rescind the order.

The need to assess no-contact orders and any other interim measures will be made by the Title IX Coordinator based on a review of the available information and after talking with both the reporting party and the responding party. Both parties are entitled to request a prompt review of the need for, terms of, or potential modification of any interim measure, and both parties are entitled to submit evidence in support of their request.

Members of the GCNYC community may also contact the New York Police Department to file an order of protection. While GCNYC cannot make this request directly, GCNYC can assist a

member of the GCNYC community in contacting the police and requesting an order of protection.

The reporting and responding parties have the right to receive a copy of any order of protection or equivalent received by GCNYC, as well as the opportunity to meet or speak with the Title IX Coordinator about the order including information from the order about the responding party's responsibility to stay away from the protected person or persons, as well as an explanation of the consequences for violating the order such as arrest, additional conduct charges, and interim suspension. The person or persons protected by the order have the right to receive assistance from GCNYC in contacting local law enforcement in effecting an arrest for violating the order.

8.7.2. Violation of No Contact Orders

Willful or repeated violations of "No Contact Orders" will be considered a threat to the health and safety of the community and will result in suspension by the Vice President & Provost, pending the outcome of disciplinary proceedings. Individuals wishing to appeal such suspensions must do so by submitting a written appeal to the Vice President & Provost for GCNYC.

8.7.3. Respondent Withdrawal during Investigation

If a Respondent withdraws from the College while an investigation is in process, or if a Respondent chooses not to re-enroll, if an investigation overlaps more than one term, the Respondent has the right to request a completion of the investigation and the entire process including all appeals. 8.11. Academic Integrity

At GCNYC, a commitment to excellence, fairness, honesty, and respect within and outside the classroom is essential to maintaining the integrity of our community. By accepting membership in this community, students take responsibility for demonstrating these values in their own conduct and for recognizing and supporting these values in others. In turn, these values will create a campus climate that encourages the free exchange of ideas, promotes scholarly

excellence through active and creative thought, and allows community members to achieve and be recognized for achieving their highest potential.

GCNYC expects and requires its students to adhere to the highest standards of scholarship, research and academic conduct. Essential to the process of teaching and learning is the periodic assessment of students' academic progress through measures such as papers, examinations, presentations, and other projects. Academic dishonesty compromises the validity of these assessments as well as the relationship of trust within the community. Students who engage in such behavior will be subject to review and the possible imposition of penalties in accordance with the standards, practices, and procedures of GCNYC. Violations may result in failure on a particular assignment, failure in a course, suspension or expulsion from the College, or other penalties.

- ii. an unacknowledged passage paraphrased from another's work
- iii. the use of ideas, sound recordings, computer data or images created by others as though it were one's own

Ghost writing is defined as the use of commissioned material, without reference or acknowledgement.

Cheating is defined as deceiving a faculty member or other individual who assess student performance into believing that one's mastery of a subject or discipline is greater than it is by a range of dishonest methods, including but not limited to:

- i. bringing or accessing unauthorized materials during an examination (e.g., notes, books, or other information accessed via cell phones, computers, other technology or any other means)
- ii. providing assistance to acts of academic misconduct/dishonesty (e.g., sharing copies of exams via cell phones, computers, other technology or any other means, allowing others to copy answers on an exam)
- iii. submitting the same or substantially similar work in multiple courses, either in the same semester or in a different semester, without the express approval of all instructors
- iv. submitting work (papers, homework assignments, computer programs, experimental results, artwork, etc.) that was created by another, substantially or in whole, as one's own

8.11.2. Individual faculty members will be responsible for determining whether a student has been guilty of plagiarism and to apply an appropriate penalty for any such plagiarism. Each faculty member will publish details of any penalties for plagiarism in their syllabus.

8.11.3. While individual faculty members will determine whether plagiarism has occurred in any particular case, plagiarism will include self-plagiarism (i.e. re-use of a student's own previous written work or data presented for assessment on a previous occasion).

Individual faculty members will also be responsible for determining whether there has been a case of ghost writing, which is considered to be an Offense. Faculty should refer any such case to the Director of Academic Engagement to be considered under the Offenses procedures.

8.11.4. The Select Disciplinary Committee shall be competent to hear appeals against decisions of faculty made under the College Regulations regarding Plagiarism and Cheating.

"A legitimate educational interest" requires that the individual seeking access is doing so for the purpose of performing a job function.

9.11. Access to Third Parties

- 9.11.1. Normally, records can be released, or access given, to third parties (i.e. anyone not a College official) only with the written consent of the student.

9.14. Record Correction Procedure

- 9.14.1. It is important that GCNYC has a complete and accurate record of student's personal information. Every student is responsible for ensuring that the information held by the College is accurate, current and complete.
- 9.14.2. Students have the right to ask to have records corrected that they believe are inaccurate, misleading or in violation of their privacy right.
- 9.14.3. The procedures are as follows:

 - ii. The student must submit to the Registrar a request to amend the record by emailing registrar@gcnyc.com. The student should identify the part of the record that the student wants changed and the reasons.
 - iii. GCNYC may comply or may decide not to comply. If not, the College will inform the student of the decision and advise the student of the right to a hearing. Requests for a hearing are to be sent to the College Registrar.
 - iv. Upon request, the College will arrange for a hearing within a reasonable time and so notify the student.
 - v. The hearing will be conducted by a hearing officer who is a disinterested party. However, the officer may be an official of the institution.
 - vi. The College will prepare a written decision based solely upon the evidence presented at the hearing. The decision will include a summary of the evidence and the reasons for the decision.
 - vii. If the College decides that the challenged information is not inaccurate, misleading, or in violation of the student's right to privacy, it will notify the student that he or she has a right to place in the record a statement commenting on the challenged information or setting forth reasons for disagreeing with the decision.
 - viii. The statement will be maintained as part of the student's record as long as the contested portion is maintained. If the College discloses the contested portion of the record, it must also disclose the statement.
 - ix. If the College decides that the information is inaccurate, misleading or in violation of the student's right of privacy, it will amend the record and notify the student in writing that the record has been amended.

9.15. FERPA complaints and violations

- 9.15.1. A person may file a written complaint with the Department of Education regarding an alleged violation of FERPA.

Students will register for classes via the College registration system. Once registration is officially closed the Registrar will provide a listing to the College to allow any scholarships to be applied to each of the students' record. Thereafter Finance will assign in Hobsons and apply the Scholarship to allow the student invoices to be raised.

Once the invoicing details have been updated in Hobsons a personalized email will be generated inviting the students to review their invoice and make a payment. Details of payments and outstanding balances are available for students to view in Hobsons.

Payments should be made as outlined in section 10.4 – Payment Terms.

10.3. Non-Mandatory Fees

10.3.1. Transfer and RPL Fees

The cost for review and consideration of Transfer and RPL is \$500 per course. Where Transfer or RPL is applied, there is an additional transcription fee of \$500 per course. For further details on Transfer and RPL, please see Section 3 'Transfer and Recognition of Prior Learning (RPL)' of the GCNYC Catalog.

10.3.2. Late Registration/Re-Registration Fee

If a student is de-registered, they may re-register for the term, but will face a \$50 late registration fee. For further details on registration, please see Section 5 'Registration, Attendance and Student Records' of the GCNYC Catalog.

10.3.3. Course Repeat and Continuation Fee

If a student does not receive a passing mark (above a "B-" grade), they have two options:

Option 1: Students will work with faculty to re-submit the course's final assignment in order to receive a passing grade. There is no fee for this option.

Option 2: Students can re-take the course in a future trimester. They will be charged 50% of the original tuition fee.

Please see Section 14 of the GCNYC Catalog for details on Assessment Regulations.

10.3.5. Other Fees and Charges

One official transcript per academic year can be provided to the student at no cost. A \$10 fee will be charged for any subsequent transcripts that the student may require.

A \$25 fee will be charged for a replacement Student ID card.

10.4. Payment Terms

10.4.1. Tuition fees are due at the start of the term and are payable prior to, or on commencement of the trimester. It is the responsibility of the individual to ensure that the necessary fees are paid.

10.4.2. Unless a student has made arrangements with the College for a 3rd party payment (such as employer or financial aid) which the 3rd party will make directly to the College, all payments are due by the first day of classes. Students whose accounts are not paid in full on the first day of classes may be de-registered.

10.4.3. GCNYC may offer students the ability to pay their tuition fees in monthly instalments during the course of the term. Should a student default on instalment, the full fee will be due immediately. Students who do not pay can be de-registered. In line with the GCNYC Calendar, the following payment plans are available:

Trimester A	September to December	Payment falls on the 15 th of the month
Trimester B	January to April	Payment falls on the 15 th of the month
Trimester C	April to July	Payment falls on the 15 th of the month

10.4.4. Acceptance of these payment deadlines is a condition of completing your registration with GCNYC.

10.4.5. If an individual is sponsored by their employer or another funding body, they must provide GCNYC with proof of sponsorship prior to the start of the course. If the student’s sponsor is reimbursing the student directly on receipt of payment, the student will remain liable for the fees and the above payment terms will be applied.

10.4.6. Sponsored individuals must ensure that their sponsor is made aware of this policy and as well as GCNYC’s Credit Control and Debt Management Policy (see Section 11). The sponsor will be invoiced directly for the tuition fee due. In the event that the sponsor fails to pay the fees, the student will be solely responsible for such fees. In the event of failure to pay such fees, we reserve the right to terminate the agreement between the student and College.

10.5. Payment Methods

10.5.1. Below are the details for GCNYC’s payment methods:

- All payments can be made online with a credit/debit card or by ACH transfer
- All payments must be made in US Dollars.
- GCNYC is not able to accept cash payments.

If paying direct via ACH transfer students and 3rd parties must include a reference number (student ID/invoice number) on all transfer documentation. GCNYC recommends that the student keeps a copy of the transfer documentation as your receipt.

When paying online, the student's personal information is kept secure during the transmission of payment. GCNYC utilizes Heartland Merchant Services. Their Secure Sockets Layer (SSL) software is the industry standard and encrypts all personal information, including credit card numbers, name and addresses.

10.6. Refund Schedule

- 10.6.1. Tuition refunds are determined and made on a course-by-course basis. They are based on a percentage of fees due up until the census date (28th day of term). In order to qualify for a refund, the student must provide official notice of withdrawal from the College or dropping of a course to their Academic Advisor and receive approval from the Vice President & Provost during regular College business hours.

Refunds are based on the following schedule:

I.	By 5pm on the Friday prior to the first class meeting	100%
II.	By 5pm on the Friday of the first week of classes	75%
III.	By 5pm on the Friday of the second week of classes	50%
IV.	By 5pm on the Friday of the third week of classes	25%
V.	Thereafter	0%

- 10.6.2. Unauthorized absence in any course will not relieve the student of the financial obligation and no refund will be due. Students who suspend their studies or are suspended by the College remain liable to pay any fees due up to the point of suspension.
- 10.6.3. In all instances (including exceptional circumstances) where a student is due to be refunded these must first be reviewed and authorized by the Vice President & Provost of the College.

10.7. Student Referral Discount

- 10.7.1. A \$500 discount is available to all students as an incentive to refer a friend to the College. The discount will be applied to the students account (to be offset against future fees) once the referred individual is accepted, registers and attends class. These discounts will be approved by the Vice President & Provost.

11. Credit Control and Debt Management Policy

- 11.1.1. Contained within this policy are the terms and conditions under which debt owed to GCNYC is controlled. This policy specifically covers the collection of fees, sponsorship income and commercial debt.

11.2. Self-Funding

- 11.2.1. As detailed in the 'Fees and Refund Policy' section, all individuals on a program of study at GCNYC will be required to pay fees and all other charges in respect of the courses undertaken.
- 11.2.2. The Fees and Refund Policy provides guidance on the payment terms and methods that apply. Students retain the ultimate liability for the payment of fees. This applies in the event of payment default by a third-party sponsor, such as a corporate sponsor/employer.
- 11.2.3. GCNYC reserves the right to claim any late payment charges, interest, legal or other debt collection costs from individuals who fail to pay in accordance with any agreements made with GCNYC.

11.3. Good Financial Standing

- 11.3.1. To be eligible to register for the next trimester's courses and attend the College for that trimester, the student must be in good financial standing. Neither transcripts nor grades will be issued to students, fee-payers, or others at the request of the student, unless the student is in good financial standing. Only students in good financial standing will be permitted to graduate and receive their degree diploma. To be in good financial standing, a student must have either have:
 - i. paid all outstanding fees, fines, and penalties, or
 - ii. agreed a payment plan with the College which is currently up to date.
- 11.3.2. If a debt remains unpaid the College reserves the right to pass the account details to our external debt collection agency to recover. Additional agency fees and legal fees may be incurred.

11.4. Overdue Individual Debt Collection Procedure – Sanctions Applied

- 11.4.1. While the procedure to collect monies outstanding is specific to each individual case, the following steps will be taken for all types of outstanding student debt:
 - i. Reminders issued from GCNYC
 - ii. Direct contact from the finance/credit control team
 - iii. Prevented from re-registering for further courses until all debts have been paid in full and funds have cleared
 - iv. Prevented from graduating
 - v. Prevented from receiving an academic transcript

- vi. Referral to a Debt Collection Agency - Should this action be required a recovery fee equal to 10% of the outstanding amount will be levied with debts recovered via the appropriate legal process.

11.5. Sponsorship and Commercial Debtors

- 11.5.1. GCNYC's standard terms and conditions state that all invoices are due for immediate payment. Exceptions to this must be agreed in advance with the Vice President & Provost.
- 11.5.2. Debt collection on commercial accounts will be a prescribed process dictated by time and responses from the debtor. While the procedure is specific to each individual case the following steps will be taken for all types of outstanding debt:
 - i. Reminders issued from GCNYC
 - ii. Direct contact from the credit control team
 - iii. Referral to a Debt Collection Agency - Should this action be required a recovery fee equal to 10% of the outstanding amount will be levied with debts recovered via the appropriate legal process.
- 11.5.3. In the event of a sponsor defaulting on payment, it is the student's responsibility to pay the fees. The student will receive an invoice for all outstanding fees. This invoice will be due immediately as per the standard terms and conditions.
- 11.5.4. GCU Finance will be responsible for management of debt collection on behalf of the College. However, in cases where there may be exceptional circumstances the Financial Controller shall consult with the Vice President & Provost of the College to discuss what further actions should be taken.

12. Credit Hour Definition

12.1. Credit Hour Policy and Credit Definitions

- 12.1.1. Credit hour Definition: GCNYC adheres to the U.S. Department of Education’s definition of a credit hour as “... An amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work for approximately fifteen weeks for one semester or trimester hour of credit ..., or the equivalent amount of work over a different amount of time.”

Hybrid and online courses have learning goals and rigor equivalent to those taught in the classroom. Contact hours are satisfied by using various course activities such as threaded discussions, journals, online seminars, interactive tutorials and online meetings. The syllabi for these courses are carefully reviewed by the Director of Academic Engagement to ensure equivalency to face-to-face courses.

Learning outcomes must be appropriate to post-graduate work and must be achievable in the prescribed timeframe.

13. Accreditation and Degree Granting Authority

13.1. Glasgow Caledonian New York College (GCNYC) was granted a provisional charter and degree granting authority by the Board of Regents of the State of New York in June 2017. The minutes of the Board of Regents providing our degree granting authority can be viewed at <https://www.regents.nysed.gov/report/jun-2017/higher-education>

13.2. Glasgow Caledonian New York College (GCNYC) is accredited by the Middle States Commission on Higher Education 1007 North Orange Street 4th Floor, MB #166 Wilmington, DE 19801 (267-284-5000). GCNYC's accreditation status was approved by the Commission at its meeting of March 10, 2022.

The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation.

14. Grading Policies

14.1. Successful Completion of a Course

- 14.1.1. Successful completion of a course will be defined as a final grade of “B-” or greater.

14.2. Satisfactory Academic Progress (SAP)

- 14.2.1. A student does not meet Satisfactory Academic Progress if they have a cumulative GPA below 3.0 OR if they fail to successfully complete at least 50% of all courses attempted in every trimester of enrollment.
- 14.2.2. Not meeting Satisfactory Academic Progress may affect a student’s financial aid. For further details, please consult GCNYC’s full SAP Policy in the Financial Aid chapter (Section 4) of this catalog.
- 14.2.3. A student who fails to achieve Satisfactory Academic Progress will be placed on Academic Probation; see below. The Director of Academic Engagement will send a letter to the student informing them that they have been placed on Academic Probation.

14.3. Academic Probation

- 14.3.1. Academic probation is an official warning from the College notifying students that their performance falls below the College’s requirements for “satisfactory academic progress.” While academic probation is not meant to be punitive, this warning should be taken seriously by students as it is an official acknowledgment that the student is in jeopardy of being dismissed if the academic issues persist.
- 14.3.2. Successful completion of a course will be defined as a final grade of “B-” or greater. In order to graduate from GCNYC, the student needs a 3.0 or higher GPA. This includes earning both a cumulative 3.0 in program classes (program GPA), and a cumulative 3.0 in all academic coursework.
- 14.3.3. A student placed on Academic Probation for not making “Satisfactory Academic Progress” will need to achieve sufficient credit during the following trimester. To achieve full standing, a student must achieve a grade of “B” or higher in all courses until they have restored their GPA to a level above 3.0. Receiving a grade lower than a “B” in any course while on academic probation will result in academic dismissal.
- 14.3.4. While on Academic Probation, students are required to have a biweekly check-in with the Director of Academic Engagement. Students not maintaining their check-ins may also receive an academic dismissal.

14.4. Thesis Assessment

- 14.4.1. The Thesis Review Committee is made up of two faculty-appointed readers, which includes the Thesis Advisor and a second reader. When the Thesis Advisor determines that the Thesis is complete, it's sent to the Director of Academic Engagement. Forwarding to the Director of Academic Engagement indicates that the Advisor views the Thesis as a PASS (technically a B- or higher).
- 14.4.2. Once the Director of Academic Engagement has received the Thesis, it will be given to the second reader. The second reader is asked to read the Thesis; no commentary or response is required; they will assign a grade of PASS or FAIL to the Director of Academic Engagement.
- 14.4.3. To vote PASS means that the second reader believes the Thesis should receive a grade of B- or higher and concurs with the first reader that the Thesis is of appropriate quality.
- 14.4.4. To vote Fail means that the second reader believes the Thesis should receive a grade of C+ or lower.
- 14.4.5. Once the readers have assigned a passing grade, the Thesis is officially accepted by the College.
- 14.4.6. Once the Thesis has been accepted by the College, the advisor submits the letter grade for the 8-credit Thesis course to the Director of Academic Engagement.

14.5. Thesis Submission Form and Copyright

- 14.5.1. The student must complete a submission form, which is turned in at the same time as their Thesis. Signing the form means that the Thesis is the student's original work, and theirs alone; and that any materials to which they do not own copyright, and that are included in the Thesis, constitutes a "fair use" of that material under U.S. Copyright law or that they have obtained all necessary permissions to use those materials.

The student holds the copyright to their Thesis, whether it is registered with the U.S. Copyright Office, or not. In submitting the Thesis, the student also grants GCNYC and GCU the right to reproduce it for educational purposes without obtaining permission and without paying a royalty to the student.

14.6. Grading of Thesis

- 14.6.1. All Theses will be marked by the Thesis advisor and one appointed reader, none of whom are aware of the views of, or the marks being awarded by, the other readers. In cases in which the graders are unable to agree on the grade, it is the responsibility of the Vice President & Provost to further assess the Thesis in consultation with the Director of Academic Engagement.
- 14.6.2. Where it is considered that an irregularity in the course assessment has occurred, guidance will be sought from the Vice President & Provost in consultation with the Director of Academic Engagement.

14.7. Late Submission of the Thesis

- 14.7.1. Students registered for the Thesis who require an extension to complete, will be charged a continuation fee of \$2,000 per trimester until such time as the student has completed their final work.
- 14.7.2. A student must have their continuation fee paid during the term in which they complete. In order to have access to GCNYC resources, including the library and information systems, the student must have their Thesis extension form submitted and approved by the College.
- 14.7.3. In order to request a Thesis extension, students must submit the Thesis extension form no later than 2 weeks in advance of the original Thesis due date. In addition to the form, students must submit a letter of explanation to their Thesis Advisor and the Director of Academic Engagement.

Please contact the Director of Academic Engagement for the form.

14.8. Late Submission, Failure to Submit Assignments & Incomplete Courses

- 14.8.1. Failure by a student to meet any given submission deadline without good cause will result in a grade of "F" for the coursework element concerned.
- 14.8.2. Where a student has good cause, supported by documentary evidence where appropriate, for a late submission and in advance of the submission deadline, a later submission date should be negotiated with the instructor teaching the course, or, if unavailable, the Director of Academic Engagement or the Vice President & Provost.
- 14.8.3. Where a student has, in circumstances that could not reasonably be foreseen, supported by documentary evidence where appropriate, good cause for late submission which they have not intimated in advance, they must notify the instructor teaching the course, (or, if unavailable, the Director of Academic Engagement or the Vice President & Provost) as soon as possible. Provided there are valid reasons for the late notification, a later submission date should be negotiated with the instructor teaching the course (or, if unavailable, the Director of Academic Engagement or the Vice President & Provost).
- 14.8.4. Where the coursework assessment requires attendance at a specialized teaching session, either at the College (e.g. a lecture, seminar, or clinic) or elsewhere (e.g. a field exercise or professional visit), and, where a student has good cause for non-attendance, a revised submission date should be negotiated. If an alternative visit or exercise is not possible, the Faculty have discretion to provide, for example, data from another source, or similar.
- 14.8.5. If it is not possible for a student to arrange a late submission date, which in turn means a grade cannot be given on an assignment or course work, the student may request to receive an incomplete and, if granted by the instructor, will have 6 weeks to re-do the final assignment. A student may also request that the instructor allow them to earn a grade *without* completing the course, and if the instructor, in consultation with the Director of Academic Engagement, grants this request, the earned grade shall be assigned. If an Incomplete grade is registered, failure to complete the assignment in the subsequent six-

week period shall convert the incomplete into the earned grade. This period may be extended further only upon timely appeal (before the end of the six-week period) to the Director of Academic Engagement, which shall be granted in the sole discretion of the Director of Academic Engagement (or the Vice-President & Provost if the Director of Academic Engagement is unavailable). See the “Consideration of Extenuating Circumstances” section in this chapter.

- 14.8.6. Where a student believes that they have a legitimate reason for missing a final examination or failing to complete coursework, they may appeal to the Director of Academic Engagement or Vice President & Provost in the first instance, for an extension to coursework deadlines beyond the end of trimester.
- 14.8.7. The Director of Academic Engagement or Vice President & Provost may consult with the GCNYC Academic Board to come to a decision. Should the appeal be approved, an interim grade of “I” (Incomplete) is assigned. Incomplete grades have no quality points and are not factored into a graduate student’s semester or overall GPA.
- 14.8.8. When a grade of “I” has been assigned, pursuant to Section 14.8.5, a final grade for the course will be assigned by the instructor once the student completes the course assignments. Incomplete grades are replaced by the earned grade and no record of the “I” (Incomplete) is noted on the transcript.

14.8.9. Failure of a Course

If a student does not receive a “B-” or higher (i.e., a passing grade), they have two options:

- 14.8.10. Option 1: Students will work with faculty to re-submit the course’s final assignment in order to receive a passing grade. The student will have 6 weeks from the last day of class to re-submit the assignment. Failure to complete the assignment in the six-week period means the student shall earn their non-passing grade. This period may be extended further only upon timely appeal (before the end of the six-week period) to the Director of Academic Engagement, which shall be granted in the sole discretion of the Director of Academic Engagement (or the Vice-President & Provost if the Director of Academic Engagement is unavailable). See the “Consideration of Extenuating Circumstances” section in this chapter.

Option 2: Students can re-take the course once only in a future trimester, absent extenuating circumstances and leave from the Vice-President & Provost. When a student re-takes a course, paying tuition for those credits anew, their new grade, which shall be based on the earned grade in the course, overrides the previous failing grade. The original course is expunged from the student’s official transcript.

For fee information please see the Fees and Refund Policy section of this Catalog.

14.9. Grading Information

- 14.9.1. Grade Point average is determined by converting course grades. The equivalency is as follows:

Letter Grade	GPA Score
A	4
A-	3.7
B+	3.3
B	3
B-	2.7
C+	2.3
C	2
C-	1.8
D+	1.5
D	1
F	0

- 14.9.2. The formula for determining the GPA is the total of course quality points divided by the total number of course credits.
- 14.9.3. **Incomplete:** [So long as an Incomplete has not, pursuant to Section 14.8.5, been converted to a grade, a student's cumulative GPA shall not be computed.][So long as an Incomplete has not, pursuant to Section 14.8.5, been converted to a grade, then the Quality Points calculated from the "I" grade will NOT affect the student's overall GPA calculation.]
- 14.9.4. **Withdrawal:** A student is assigned a Withdrawal (W) when the student formally withdraws from a class in which they were registered. The withdrawal date must be recorded by faculty. The date recorded is the date on which the student notified the College they wished to withdraw. Zero Credit is awarded and a GPA of 0 is recorded. Where a student has withdrawn no later than the end of the 8th week of classes, then the Quality Points calculated from the W grade will NOT affect the student's overall GPA calculation, otherwise the student will be considered to have attempted the course and the Quality Points calculated will be taken into account when calculating the student's overall GPA. Students who withdraw later than the 8th week of class due to extenuating circumstances may appeal to the Director of Academic Engagement or the Vice-President & Provost for their withdrawal to be treated for GPA purposes as if they had withdrawn by the 8th week.
- 14.9.5. **X:** A student is assigned an "X" because the student stopped attending the class without formally withdrawing. The date recorded will be the date of last academic activity as reported by the faculty member teaching the class. Zero Credit is awarded and a GPA of 0 is recorded. Students with an X grade are considered to have attempted the course and therefore the Quality Point calculated from an X grade is used towards the overall student GPA Calculation.
- 14.9.6. A student who received an "X" grade may petition the Director of Engagement or Vice-President & Provost to re-take a course as provided in Option 2 of Section 14.8.10 with all the privileges provided therein.
- 14.9.7. **Satisfactory Progress: With respect to their thesis,** a grade of satisfactory progress (SP) is assigned to a student, who did not complete the course requirements, but has proactively taken steps to complete the work.

14.10. Awards

14.10.1. There shall be two recognized honors (on student transcripts) depending on Grade Point Average:

- i. Distinction Overall GPA of 3.9 or higher
- ii. Merit Overall GPA in the range 3.75 to 3.89

14.11. Consideration of Extenuating Circumstances

14.11.1. Each student wishing the College to take Extenuating circumstances (see below) into consideration, the student must file an Extenuating Circumstances Form and submit it with appropriate documentation (self-documentation is not acceptable) to the appropriate Faculty.

14.11.2. Faculty will either recognize and accept the extenuating circumstances or deny the request.

14.11.3. If the student claim is recognized, Faculty will make a decision on how the student can demonstrate learning outcomes within a specified time frame.

14.11.4. The following circumstances are considered to be legitimate extenuating circumstances:

- i. Serious or significant medical conditions or illness (including both physical and mental health problems). Ailments so severe it was impossible to attend an examination /complete assessment AND was followed by appropriate medical documentation obtained within 48 hours of the exam/deadline
- ii. Exceptional personal circumstances (e.g. serious illness or death of a parent or other person who brought you up, grandparent, brother or sister, spouse or partner or close friend, including participation in funeral and associated rites; a significant family crisis where there is evidence of acute stress; being a victim of significant crime; being in a serious car accident)
- iii. Exceptional travel disruption beyond your control, and for which the student can provide independent evidence, which prevented you from attending an examination or other scheduled assessment

For information regarding special COVID-19 policies go to www.gcnyc.edu or contact the Director of Operations at Jessica.changrussell@gcu.ac.uk.

14.11.5. The following circumstances are not considered to be legitimate grounds for extenuating circumstances:

- i. Forms submitted without supporting evidence
- ii. Forms which do not state clearly how your performance in your assessments has been affected
- iii. Minor (usually seasonal) ailments such as sore throats, minor colds, headaches, hangovers, etc.
- iv. Long term illness or disability where special arrangements have already been made

- v. Circumstances which have already been fully catered for by the granting of a coursework extension
- vi. Examinations on the same or consecutive days or an inability to prioritize and schedule the completion of several pieces of work over a period of time
- vii. Death of a pet
- viii. Financial issues
- ix. Poor time management or personal organization
- x. Work commitments or conflicts
- xi. Failure, loss or theft of data, a computer or other equipment
- xii. Routine delays in public transportation

14.12. Grade Appeals

14.12.1. If a student feels that their grade has been determined inaccurately, they may appeal the grade. There are three criteria that can rationalize a grade appeal:

- i. The calculation of the grade was inaccurate
- ii. The calculation of the grade or the weighting of assessments did not follow that presented in the syllabus
- iii. A written notice updating the formula for grading was not provided

14.12.2. Disagreement with academic judgement does not constitute grounds for a grade appeal.

14.12.3. To appeal a grade, the student must file a grade appeal request with the Director of Academic Engagement. The appeal must include the student's explanation for the grounds of appeal, as well as documentation the student possesses of grades received on previous assessments.

14.12.4. Decisions of Faculty in regard to the appeal are final and cannot be appealed further.

14.13. Communication of Results

14.13.1. Student course grades will be emailed to the student's College email address within three working days of the instructor grade submission deadline.

14.14. Currency of Credit

14.14.1. Once a student's degree has been conferred, students will receive their transcript.

14.14.2. Only credit earned within a six-year period can be used towards the completion of a named award

15. Graduation Requirements Policy

15.1. Completion of Study and Graduation

- 15.1.1. In order to graduate with a master's degree, a student must earn a minimum of 36 US credits with a minimum overall GPA of 3.0.
- 15.1.2. A final audit is carried out after grades have been submitted for the final term of enrollment. Students may not graduate without having a complete 'Graduation Audit' conducted by the Office of the Registrar.
- 15.1.3. Only students in good financial standing will be eligible to receive their degree diploma and official transcript. Students must be in good financial standing no less than 1 month prior to the scheduled date for the release of their diploma and/or graduation. Students not in good financial standing at this point will not receive their diploma or be included in graduations. They may re-apply to graduate at the next available opportunity as per the published schedule.
- 15.1.4. As GCNYC currently has a provisional charter by the New York Board of Regents, all awards will be conferred by the New York Board of Regents before degree diplomas are issued.

15.2. Commencement Exercises

- 15.2.1. The College holds one Commencement Exercise each year at the end of the Spring trimester in June to recognize students' achievements.
- 15.2.2. For the convenience of those students completing degree requirements in the Spring or the Fall Trimesters, degree diplomas are not held back until the next Commencement ceremony but are issued at three points in the academic year. All students, no matter in which trimester they complete their studies, are entitled to participate in the next Commencement ceremony following their completion of requirements.
- 15.2.3. Commencement participation is ceremonial and does not mean degree conferral has been granted or that a student has been awarded their master's degree.

16. Academic Concerns & Complaints Handling

16.1. Academic Concerns

- 16.1.1. If a student has a concern regarding their class such as course work, course content or classroom management, they are encouraged to first discuss a resolution with their instructor.

If they are unsatisfied with the outcome, they should escalate their concern to the appropriate Program Director. In the event that the instructor is the Program Director, they should escalate their concern to the Faculty Chair.

If at this stage, the student remains unsatisfied with the outcome, they should bring your concern to the Director of Academic Engagement who will discuss appropriate next steps with the Vice President & Provost.

- 16.1.2. If at any point a student believes their concern should be escalated to a formal complaint, they may do so by following the instructions in the following section.
- 16.1.3. Any concerns related to Student Code of Conduct violations, harassment, acts of bias or discrimination, Title IX or Clery incidents (as described in the Campus Safety section of this catalog) should be reported as soon as possible directly to the Title IX Coordinator at titleixcoordinator@gcu.ac.uk.

16.2. Complaints Handling

- 16.2.1. The Complaints Handling Procedure reflects Glasgow Caledonian New York College's commitment to valuing its people and their concerns. This process is intended for the handling of formal complaints which will be recorded by the College. Students, recent students, applicants and members of the public should feel free to raise matters of concern without risk of disadvantage. Our aim is to resolve issues of dissatisfaction as close to the initial point of contact as possible and to conduct thorough and fair investigations of complaints so that, where appropriate, we can make evidence-based decisions on the facts of each individual case.
- 16.2.2. Resolving complaints early saves time and resources and contributes to the overall efficiency of the College. Concentrating on achieving an early resolution of a complaint as close to the point of contact as possible will free up the time of academic and support staff and ultimately contribute to the continued positive experience of our students and members of the public.
- 16.2.3. The full Formal Complaints Handling Procedure can be found at www.gcnyc.edu in Consumer Information.

16.3. Scope and Purpose

16.3.1. What is a complaint?

For the purpose of this procedure, a complaint may be defined as:

‘an expression of dissatisfaction by one or more individuals about the standard of service, action or lack of action by or on behalf of the Institution.’

A complaint may relate to:

- the quality and standard of service
- failure to provide a service
- the quality of facilities or learning resources
- treatment by or attitude of a staff member, student or contractor
- inappropriate behavior by a staff member, student or contractor
- the failure of the College to follow an appropriate administrative process
- dissatisfaction with the college’s policies (although it should be recognized that policy is set at the discretion of the College)

The definition of a complaint is very broad and the list above is not exhaustive. However, not every concern raised within the College is a complaint. For example, the following are not complaints:

- a routine, first-time request for a service
- a request under the Freedom of Information Law
- a request for information or an explanation of policy or practice
- an insurance claim
- a request for compensation only
- an attempt to have a complaint reconsidered where the College’s decision has been made
- an appeal about an academic decision on assessment or admission

These issues will be dealt with under the alternative appropriate processes rather than the CHP. It should be noted, however, that some situations can involve a combination of issues, some are complaints and others are not, and each case will be assessed on a case-by-case basis.

Complaints related to the following areas may be recorded as complaints but will also be dealt with under the alternative appropriate processes:

- Code of Student Conduct violations
- Title IX violations
- Clery Act violations

16.3.2. Who can make a complaint?

The CHP covers complaints from anyone who receives, requests or is affected by our services. This includes, although is not limited to:

- current students and those who have left recently (all referred to as ‘students’ through the remainder of this procedure) where they have a complaint about matters which are (or were at the time they arose) the responsibility of the College
- members of the public, where they have a complaint about matters which are (or which were at the time they arose) the responsibility of the College
- members of the public who are applying for admission to the College and whose complaint does not relate to academic judgement.

Complaints made by a third party with the explicit permission of the complainant will be dealt with according to the same procedures and timescales.

16.3.3. Submitting a Formal Complaint

Formal complaints must be made by submitting a GCNYC Formal Complaints Form (available at www.gcny.edu in the Consumer Information Section or by request at complaints@gcnyc.com) to the Director of Operations, Title IX Coordinator. Forms may be sent to complaints@gcnyc.com (with the exception of anonymous complaints, see below). General complaints made to College administration whether in writing, in person, by telephone, email or online will not be handled as a Formal Complaint unless the form is submitted. The form is required in order to provide full details of the complaint and the preferred resolution.

16.3.4. Submitting a Formal Complaint Anonymously

Complaints submitted anonymously will be considered if there is enough information in the complaint to enable the College to make further inquiries. However, the College may give consideration to the issues raised, and will record the complaint so that corrective action can be taken as appropriate. To submit an anonymous complaint please [click here](#).

16.3.5. Complaints involving other organizations or contractors

If an individual complains to the College about the service of another organization, but the College has no involvement in the issue, the individual should be advised to contact the appropriate organization directly.

16.3.6. Time limit for making complaints

Complaints should be raised with the College as soon as problems arise to enable prompt investigation and swift resolution. This CHP sets a time limit of six months to raise a complaint with the College, starting from when the complainant first became aware of the problem, unless there are special circumstances for requesting consideration of a complaint beyond this time.

17. Campus Safety

17.1. Introduction

- 17.1.1. At GCNYC, campus safety is specifically the responsibility of the Vice President & Provost and the Director of Operations, Title IX Coordinator—to whom any questions or concerns should be directed. They are responsible for the campus' annual safety report, as well as all initiatives to increase the safety and security of our campus.

The Vice President & Provost and the Title IX Coordinator will be informed of all reports or formal complaints of violations of this policy and oversees the College's centralized response to ensure compliance with Title IX and the 2013 Amendments to the Violence Against Women Act (VAWA). The College Title IX Coordinator's responsibilities include (but are not limited to):

- Communicating with all members of the College community regarding Title IX and the Violence Against Women Act (VAWA), and providing information about how individuals may access their rights;
- Reviewing applicable College policies to ensure institutional compliance with Title IX and VAWA;
- Monitoring the College's administration of its own applicable policies, including this policy and the College Sexual Harassment Policy and all related record keeping, timeframes, and other procedural requirements;
- Conducting training regarding Title IX, VAWA, and prohibited conduct defined in this policy and related policies; and
- Responding to any report or formal complaint regarding conduct that violates this policy. For any report of which the College has actual knowledge (and any formal complaint), the College Title IX Coordinator shall oversee and implement the explanation and provision of any supportive measures. For any formal complaint, the College Title IX Coordinator oversees the investigation and resolution of such alleged misconduct, directs the provision of any additional supportive measures, and monitors the administration of any related appeal.
- Responding when (1) the school has actual knowledge of sexual harassment; (2) that occurred within the school's education program or activity (meaning locations, events, or circumstances over which the College exercises substantial control over both the respondent and the context in which the Title IX Sexual Harassment occurs, and b) any building owned or controlled by a student organization that is officially recognized by the College); (3) against a person in the United States; (4) at the time of filing a formal complaint, a complainant is participating in or attempting to participate in the education program or activity at the College.

The Title IX Coordinator may delegate certain responsibilities under this policy to designated administrators, who will be appropriately trained.

The Title IX Coordinator's contact information is as follows:

Jessica Chang-Russell
titleixcoordinator@gcu.ac.uk
646-768-5357

The College provides the contact information of the Title IX Coordinator to students, faculty, staff, applicants for admission, applicants for employment, and all labor unions or professional organizations agreements with the College.

17.2. Security and Access to College Facilities

17.2.1. General Access to College Facilities:

GCNYC is committed to working with all members of the community to ensure that our campus facilities are as safe and secure as possible. Generally, the GCNYC campus is open Monday-Friday from 9:00 AM to 6:00 PM, hours are extended on evenings when classes are in session (typically Monday-Wednesday) until 10:00 PM.

GCNYC does not have a proprietary police or security department. The College hires contract security personnel to work in the College's campus on the ground floor and lower level of 64 Wooster Street during evenings when classes are in session from 5:00 PM to 10:00 PM. Students and faculty entering the building must present a GCNYC ID card at the security desk.

The front doors remain locked when security personnel are not present and GCNYC staff and most faculty have access to the building via a key card. The front doors remain locked with the exception of 5:00 PM to 8:30 PM during evenings when classes are in session and security personnel is present.

GCNYC periodically hosts daytime and evening events. GCNYC hires security personnel during events if the guest count exceeds 50 people. If the guest count meets or exceeds 100 people, two guards are hired to have one at each fire exit. Security personnel's responsibilities also involve providing general assistance to students, employees and visitors and securing the premises before closing the building.

17.2.2. GCNYC Security:

The GCNYC security staff are not sworn officers, but staff members from a contracted service, holding Security Guard licenses. None of the security personnel at GCNYC have the authority to make arrests. Unless they are present during an incident or an incident is reported directly to them as a CSA (Campus Security Authority), they are not part of any investigation nor are required to write up reports.

While there is no proprietary police or security department at GCNYC, institutional representatives do work with the New York Police Department (NYPD) as needed and the College will continue to build relationships with local precincts as the College grows.

17.2.3. Identification Cards:

All employees (staff and faculty) and students are required to carry a valid GCNYC photo identification (ID) card. During class evenings or events, they will be asked to present their ID card to security. The replacement fee for an ID card is \$25.

17.2.4. College-Issued Key Cards:

GCNYC staff and most faculty have a key card which unlocks the College's front doors. The Director of Operations and Office & Events Manager are responsible for issuing key cards and managing record keeping. The loss or suspected loss of a key card must be reported to the College immediately.

The Director of Operations and Office & Events Manager are also responsible for managing the key card access system. They can schedule time frames to unlock the doors and can review the campus access history.

17.2.5. Visitors:

During general business hours Monday-Friday 9:00 AM to 6:00 PM, visitors are allowed entrance via an intercom system. They must announce themselves at the front desk and wait until the employee they are visiting comes to meet them.

During periods when security personnel is present, guests will need to be on a list to be verified for entry.

17.3. Monitoring and Recording of Criminal Activity by Students at Non-Campus Locations of Recognized Student Organizations

- 17.3.1. Glasgow Caledonian New York College does not have any student organizations that own or control non-campus facilities. Therefore, local law enforcement is not used to monitor and record criminal activity since there are no non-campus locations of student organizations.

17.4. Policy Against Sexual Misconduct and Violence

- 17.4.1. GCNYC prohibits the offenses of domestic violence, dating violence, sexual assault, stalking, Title IX sexual harassment, quid pro quo sexual harassment and other forms of sexual violence. These incidents are considered a violation of the Code of Student Conduct (8.4.2). In keeping with this commitment, GCNYC has taken steps to help prevent and respond to sexual discrimination, relationship violence, sexual assault and other forms of sexual misconduct. These steps include thoughtful procedures for reporting and investigating incidents; educational programs; access to internal and external resources; and compliance with federal and state laws.

17.5. General Procedures for Reporting and Investigating a Crime or Emergency

- 17.5.1. Community members, students, faculty, staff, and guests are encouraged to report all crimes and emergencies, in an accurate and prompt manner, directly to the NYPD by dialing 911. During normal business hours, we encourage people reporting a crime or emergency to the NYPD to also report the incident, as soon as practicable, to GCNYC's Title IX Coordinator, a CSA or other College official, and complete an incident report (copies available from the Title IX Coordinator or any other CSA.) Crimes should be accurately and promptly reported to the

appropriate police agency, when the victim of a crime elects to, or is unable to, make such a report.

Members of the community are helpful when they immediately report crimes or emergencies to the NYPD and/or to the College's Title IX Coordinator, CSA or other College official, for purposes of including them in the annual statistical disclosure and assessing them for issuing Emergency and Timely Warning Notices, when deemed necessary.

Title IX Coordinator: 646-768-5357 or titleixcoordinator@gcu.ac.uk

- 17.5.2. In response to a call, the NYPD takes action it deems appropriate, generally either dispatching an officer to the caller's location or asking the caller to report to the nearest NYPD precinct to file a report. The NYPD is responsible for the investigation of any reported crimes and other public safety emergencies. If assistance is required from the New York City Fire Department, they will be sent by the 911 dispatchers upon receiving an emergency call.
- 17.5.3. Our published materials for students, staff and faculty reflect our policy that the decision to report a crime is an individual choice; that the College commits itself to not revealing any details which would make victims or witnesses identifiable and provides ways in which individuals can confidentially make reports.
- 17.5.4. The College Catalog contains information about on- and off-campus resources (Appendix E) and is made available to all GCNYC community members. The information regarding "resources" is not provided to infer that those resources are "crime reporting entities" for GCNYC. Crimes should be reported to NYPD officials and GCNYC as described above to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate.
- 17.5.5. Reports to professional counselors and pastoral can be kept confidential. Professional and pastoral counselors (Note: GCNYC does not currently have pastoral counselors) are encouraged to inform their clients, if and when they deem it appropriate, of the procedures to confidentially report crimes to CSAs, when they deem it appropriate. Any Clery category crimes will be counted in the annual disclosure of crime statistics.
- 17.5.6. All incidents of Title IX Sexual Harassment will follow the Department of Education's Title IX Final Rule regulations issued in May 2020. These regulations include but are not limited to, investigating a formal complaint, investigations, hearings, standard of evidence, appeals and informal resolutions. These regulations can be found at the following link.
<https://www2.ed.gov/about/offices/list/ocr/docs/titleix-comparison.pdf>
- 17.5.7. Types of Disciplinary Proceedings Utilized in Cases of Alleged Domestic Violence, Dating Violence, Sexual Assault and Stalking:

The process by which GCNYC College investigates and adjudicates reports of sexual misconduct and violence is outlined below.

- i. When both the reporting and responding parties are students, the process will follow the diagram represented in Appendix A. Further detail is described in the Code of Student Conduct.

- ii. When both the reporting and responding parties are employees of the college, the process will follow the diagram represented in Appendix B.
- iii. When the reporting party is an employee of the college, and the responding party is a student, the process will follow the diagram represented in Appendix B. Further detail is described in the Code of Student Conduct.
- iv. When the reporting party is a student, and the responding party is an employee, the process will follow the diagram represented in Appendix B.

17.6. Campus Security Authorities (CSA's)

17.6.1. In compliance with relevant regulation (including the Clery Act, the Violence Against Women Act, Title IX, and New York State Educational Law articles 129-a 129-b), the Vice President & Provost of GCNYC, or the Title IX Coordinator, will be responsible for identifying those faculty and staff who qualify as "Campus Security Authorities." The Vice President & Provost will also be responsible for issuing a letter to each of those individuals informing them of those responsibilities and informing them of scheduled training session. Training sessions will be scheduled within two weeks of the beginning of Trimester A; letters to CSAs will be sent at least two weeks prior to scheduled training dates. Individuals hired in at other times during the academic year whose roles require that they be CSAs will receive their letter informing them of that status and their responsibilities when they are appointed, and the training will be incorporated into their induction. A copy of our Clery Handbook is kept in the Title IX Coordinator's office.

17.6.2. Training session for all CSAs include:

- i. Appropriate crime definitions for reporting
- ii. Geographic definitions applicable to reporting
- iii. Processes for passing information to appropriate individuals to allow timely warnings
- iv. Campus Emergency Action plan
- v. Review of all College policies in health and safety
- vi. Best practices for maintaining the safety of our students
- vii. Best practices for speaking with reporters of sexual violence
- viii. Legal and institutional reporting requirements
- ix. Processes for reporting crimes to College officials
- x. Student rights
- xi. College Code of Conduct and processes
- xii. Familiarization with all appropriate laws and policies related to campus safety and crime including the Clery Act, Violence Against Women Act, Title IX, and Educational Law article 129-a and 129-b.

17.6.3. As of February 2021, GCNYC's CSA's are the:

- Title IX Coordinator (646-768-5357)
- Director of Academic Engagement (646-768-5303)
- Vice President & Provost
- College Security Guards

Contact information can be found in the GCNYC Administration section on the last page of this Catalog.

17.7. Protection from Retaliation and Intimidation

- 17.7.1. Retaliation against any member of the GCNYC community who files a report on sexual misconduct or violence is strictly prohibited. Likewise, intimidation of anyone who files a report or any witnesses to an incident is strictly prohibited. Members of the GCNYC community found to have engaged in retaliation or intimidation, will be subject to disciplinary action that can include suspension, expulsion, separation, or termination from GCNYC.

17.8. Reporting Individual Support

- 17.8.1. Beyond Code of Conduct Policies and Procedures, reporting individuals (students, employees, or members of the community) of sexual assault, domestic violence, dating violence and/or stalking will be made aware of supporting resources. In compliance with the standards established by the Violence Against Women Act (VAWA) and Education Law article 129, GCNYC will provide written notification to reporting individuals with information on their rights, options and available resources including counseling, health, mental health, victim advocacy, legal assistance, student financial aid and other services for victims. This document can be found in Appendix E and is available in hard copy from the Title IX Coordinator. Contact titleixcoordinator@gcu.ac.uk.

17.9. Protective Measures and Accommodations for Reporting Individuals and Respondents

- 17.9.1. Upon receipt of a report or formal complaint of sexual misconduct or violence (including sexual assault, domestic violence, dating violence and/or stalking,) the College, through the Title IX Coordinator, will promptly contact the reporting individual to discuss the availability of supportive measures, consider the reporting individual's wishes with respect to supportive measures, provide written notification to the reporting individual of the availability of supportive measures with or without the filing of a formal complaint, and explain to the reporting individual the process for filing a formal complaint.

These supportive measures may include changes to academic, living, transportation and working situations or protective measures. They are designed to restore or preserve equal access to the College's educational and working programs or activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties and the broader College community, or deter sexual harassment. While a supportive measure may impose some restrictions on a party, it will not unreasonably burden them. The College may provide supportive measures to the reporting individual or respondent, as appropriate, as reasonably available, and will do so without fee or charge, regardless of whether the complainant seeks formal disciplinary action. Once supportive measures are approved, the parties or affected individuals will be notified in writing of the supportive measures. The College will maintain any supportive measures provided to the reporting individual or respondent as confidential to the extent possible.

- 17.9.2. Protective measures and accommodations may include:

- i. counseling;
- ii. extensions of deadlines or other course-related/academic adjustments;
- iii. modifications of work or class schedules;
- iv. modifications to mode of attending work or class (virtual or on campus);
- v. campus escort services;
- vi. mutual restrictions on contact between the parties;
- vii. leaves of absence;
- viii. increased security and monitoring of certain areas of the campus; and/or
- ix. any other measure that can be used to achieve the goals of this policy.

17.9.3. Requests for supportive measures may be made by or on behalf of the reporting individual or respondent to any College official, including the Title IX Coordinator. The Title IX Coordinator is responsible for ensuring the implementation of supportive measures and coordinating the College's response with the appropriate offices on campus.

17.9.4. All individuals are encouraged to report concerns about the failure of another to abide by any restrictions imposed by a supportive measure. The College will take immediate action to enforce a previously implemented measure and disciplinary sanctions can be imposed for failing to abide by a College-imposed measure.

17.10. Geographic Definitions

17.10.1. Glasgow Caledonian New York College was founded by Glasgow Caledonian University (Scotland) which is the flagship campus which owns and controls schools in multiple locations. GCNYC reported statistics refer specifically to Glasgow Caledonian New York College and do not include information from Glasgow or any other GCU campuses or partner campuses. For our annual Federal Campus Safety Report, GCNYC defines its campus geography as follows:

- i. On-Campus: The Main and lower-level of 64 Wooster Street
- ii. Non-campus: Any additional facilities rented or controlled by GCNYC for the purposes of the delivery of classes or required student activities. These locations are only considered as part of our report during such times as GCNYC is actively using the site.
- iii. Public Property: For our reporting purposes, the only public property which the GCNYC campus abuts is Wooster Street between Broome Street and Spring Street. The report includes reports of crime occurring on the street and either sidewalk.

17.10.2. For reporting to NYSED in compliance with Education Law article 129-B, geographic boundaries will not be used. Reporting will be based on the status of a reporting individual or Respondent being enrolled as a student of GCNYC.

17.11. Crime Definitions

17.11.1. GCNYC defines the crimes listed in its Annual Safety Report based on New York State definitions.

Hate Crimes: Items counted as hate crimes are those for which subjective evidence exists that said criminal acts were motivated by bias. Evidence of bias is determined by:

- i. Oral comments, written statements or gestures
- ii. Drawings, markings, symbols, or graffiti
- iii. Preponderance of incidents in a significant location
- iv. Incidents on holidays or dates of significance
- v. Previous involvement in hate crimes by perpetrators
- vi. Community perception that the incident was motivated by bias
- vii. Dating violence includes sexual or physical abuse as well as the threat of such abuse
- viii. Domestic violence includes felonies and misdemeanors involving individuals who have been intimate and/or shared a residence
- ix. Stalking reported as related to campus are those incidents where the perpetrator engaged in the stalking course of conduct or the victim first became aware of the stalking (the latter particularly important for electronic stalking)

Dating, Domestic and Intimate Partner Violence: A pattern of coercive behavior that can include physical, psychological, sexual, economic and emotional abuse, perpetrated by one person against an intimate partner. Such violence may occur in all kinds of intimate relationships, including married couples, people who are dating, couples who live together, people with children in common, same-sex partners, and people who were formerly in a relationship with the person abusing them.

Sexual Assault: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault can occur between individuals of the same or different sexes and/or genders. This includes the following:

- i. **Rape:** The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- ii. **Sodomy:** Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- iii. **Sexual Assault with an Object:** To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- iv. **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity;
- v. **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law; or
- vi. **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

Title IX Sexual Harassment Unwelcome sexual conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies an individual equal access to the College's education program or activity.

Complainant refers to the individual(s) who is alleged to be the victim of conduct that could constitute Title IX Sexual Harassment or any other prohibited conduct per this policy.

Formal complaint refers to a document filed by a complainant (meaning a document or electronic submission (such as by electronic mail) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the individual filing the formal complaint) alleging Title IX Sexual Harassment against a respondent and requesting that the College investigate the allegation of Title IX Sexual Harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the College. A formal complaint may be filed with the College Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information provided in this policy, and by any additional method identified in this policy.

Formal complaint may also refer to a document signed by the College Title IX Coordinator alleging Title IX Sexual Harassment against a respondent. Where the College Title IX Coordinator signs a formal complaint, the College Title IX Coordinator is not a complainant or otherwise a party.

Respondent refers to the individual(s) who has been alleged to be the perpetrator of conduct that could constitute Title IX Sexual Harassment or any other prohibited conduct per this policy.

Stalking: Intentionally engaging in a course of conduct directed at a specific person with whom the perpetrator currently has, previously has had, or desires to have, some form of sexual or romantic relationship, that:

1) is likely to cause reasonable fear of material harm to the physical health, safety or property of such person, a member of such person's immediate family or a third party with whom such person is acquainted; or

2) causes material harm to the mental or emotional health of such person, where such conduct consists of following, telephoning or initiating communication or contact with such person, a member of such person's immediate family or a third party with whom such person is acquainted; or

3) is likely to cause such person to reasonably fear that her/his employment, business or career is threatened, where such conduct consists of appearing, telephoning or initiating communication or contact at such person's place of employment or business, and the actor was previously clearly informed to cease that conduct.

Affirmative Consent: GCNYC follows New York Education Law Article 129-B's definition of affirmative consent which is:

Affirmative consent is a knowing, voluntary and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions, create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity, or gender expression.

Furthermore, consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent may be initially given but withdrawn at any time. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent. Consent cannot be given when it is the result of any coercion, intimidation, force or threat of harm. When consent is withdrawn or can no longer be given, sexual activity must stop.

17.12. Legal Compliance

- 17.12.1. It is the belief and intent of GCNYC that all of our practices are in compliance with appropriate City, State and Federal Law. If an individual observes that the facility or practices are outside standards, they should make that known to the appropriate College official as well as the appropriate government agency, if they feel that the violation is serious enough to warrant such.

17.13. Keeping Students Informed

- 17.13.1. The Title IX Coordinator will have responsibility for regular review of student safety information posted on the website. This includes validating that information is up to date, that all links work, email links work, and responsible individuals and their phone numbers are correct and functional.

17.14. Emergency Actions

- 17.14.1. The appropriate practices for emergency situations are covered in the GCNYC Emergency Action Plan in Section 18.

17.15. Timely Warnings & Emergency Notifications

- 17.15.1. At any point at which the GCNYC Vice President & Provost or the Title IX Coordinator has information about a Clery category crime (listed below) which represents or reflects an ongoing threat to the campus or its people, a "Timely Warning" will be issued to all students and employees of GCNYC.

A Timely Warning will be initiated when a criminal act has occurred, has been reported to the College by Police, to a campus CSA, and it is determined that there is a risk of the same crime occurring again by the same individual, agent, or circumstance. The College is not required to provide a Timely Warning with respect to crimes reported by a pastoral or professional counselor.

17.15.4. If there is an *immediate threat* to the health and safety of students and employees, the College will follow its Emergency Notification Policies. (See 18.1)

17.15.5. The Timely Warning may be sent by the Vice President & Provost, the Title IX Coordinator or a designee who is directed in writing to assume that responsibility. The individual launching the Timely Warning is permitted to do so upon receipt of relevant information.

17.15.6. Timely Warnings will be issued to all students, staff and faculty via some combination of text message, email, web posting, in building announcements, and/or public placards. Every effort will be made to ensure that reach of the warning is comprehensive.

- 17.15.7. To update your Emergency Contact information go to the Student Resources section at www.gcnyc.edu.
- 17.15.8. The issuing of a Timely Warning will be recorded as an incident in the campus' Daily Crime Log.

17.16. Information in Warnings and Notifications

- 17.16.1. Upon confirmation of a significant campus emergency or dangerous situation, GCNYC will without delay, taking into account the safety of the community, determine the content of and send out the notification unless the notification will in the professional judgement of responsible authorities, or upon conferral with the emergency responders, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

Information in direct communication should never release identifiable information about individuals but should provide appropriate information to allow others to be safe and to avoid potentially dangerous situations.

First notifications will provide specific actions (i.e., do not come to campus) and indicate that there will be a follow up message with additional information within 24 hours.

Within 24 hours, the college officer who sent out the message will provide an explanation or resolution; suggest specific follow up actions, or ways to achieve assistance or accommodation based on potential results from the situation; and update of the situation or incident if continuing.

17.17. Daily Crime Log

- 17.17.1. The campus will record all crimes reported to the College and from them generate a Daily Crime Log. The Log will include crimes committed on campus and within the College's Clery geography (Section 17.10) The Daily Crime Log will present information about crimes without information that may in any way violate the confidentiality of any individual.

17.18. Campus Safety and Security Programs

- 17.18.1. Each New Student Orientation and employee onboarding will cover:
- i. The Code of Student Conduct and/or the Staff Handbook
 - ii. Appropriate campus safety/security procedures and practices including fire safety and emergency procedures
 - iii. Definitions of important terms including 'consent' to sexual activity in the applicable jurisdiction
 - iv. Reporting structures
 - v. Description of safe and positive options for bystander intervention
 - vi. Information on crime prevention and risk reduction

17.18.2. Ongoing Programs and Campaigns to Prevent Dating Violence, Domestic Violence, Sexual Assault and Stalking:

Students and Employees: Each trimester, GCNYC will send out an informational webinar about campus safety including crime prevention and risk reduction, preventing dating violence, domestic violence, sexual assault, stalking and drug and alcohol abuse prevention to all students, staff and faculty. This video will also be available year-round at www.gcnyc.edu. Other materials with related information are also available on the website.

Employees: All College employees are required to complete an annual sexual harassment prevention online training course.

17.19. Safe & Positive Options for Bystander Intervention

17.19.1. Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”¹ We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. We may not always know what to do even if we want to help. Below is a list² of some ways to be an active bystander. Further information regarding bystander intervention may be found. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

¹ Burn, S.M. (2009). A situational model of sexual assault prevention through bystander intervention. *Sex Roles*, 60, 779-792.

² Bystander intervention strategies adapted from Stanford University’s Office of Sexual Assault & Relationship Abuse

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

17.20. Risk Reduction

17.20.1. With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas**. It is more difficult to get help if no one is around.
3. **Walk with purpose**. Even if you don't know where you are going, act like you do.
4. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
5. **Make sure your cell phone is with you** and charged and that you have cab money.
6. **Don't allow yourself to be isolated** with someone you don't trust or someone you don't know.
7. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
8. **When you go to a social gathering, go with a group of friends**. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
9. **Trust your instincts**. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
10. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
11. **Don't accept drinks from people you don't know or trust**. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
12. **Watch out for your friends, and vice versa**. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
13. **If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.)**. Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
14. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - i. **Remember that being in this situation is not your fault**. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - ii. **Be true to yourself**. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - iii. **Have a code word with your friends or family** so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - iv. **Lie**. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

15. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
16. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

17.21. College Survey

- 17.21.1. GCNYC will conduct a bi-annual survey on the campus environment. The survey will include an assessment of student familiarity and satisfaction with GCNYC judicial and safety policies, adjudication and reporting procedures, and resource support in the area of campus safety. Results of the survey will be sent to the GCNYC Board of Trustees for review and determination of appropriate action.

17.22. Annual Security Report

- 17.22.1. GCNYC will publicly release an Annual Safety Report (ASR) on or before October 1 of each year. The ASR will include a copy of all crime and safety related policies, practices, and a report on the safety of the campus for the three previous years. GCNYC will also file a certificate of compliance with New York State Education Law article 129 on or before the 1st of July each year. The Vice President & Provost of GCNYC, or the Title IX Coordinator will be responsible for this report.

17.23. Sex Offender Registry

- 17.23.1. The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where to obtain law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. Information regarding a registered sex offender can be obtained by calling: New York State Sex Offender Registry Information Line at: 1-800-262-3257 or accessing it online at <https://www.criminaljustice.ny.gov/nsor/>.
- 17.23.2. Callers must be 18 years old and must provide their name, address and telephone number in order to request information. The Information Line is open Monday through Friday, from 8:00 am to 5:00 pm. To learn the status of an individual, callers must provide the individual's name and at least one of the following identifiers: the individual's street address and apartment number, driver's license number, social security number or birth date. A physical description is helpful but is not required. To use the online link, the person inquiring must provide their name and address to access information about the registered sex offenders. Nationwide information is available through the Department of Justice at: www.nsopr.gov.

17.24. Fire Inspection

- 17.24.1. GCNYC will maintain a schedule of regular fire safety inspections as required by City and State Law. The schedule and a reporting of results will be included in each ASR.

17.25. Conduct Issues—Non-Criminal

- 17.25.1. Issues of conduct which violate college policy but not federal, state, or city law will be handled according to the GCNYC Code of Student Conduct.

17.26. Underage Drinking Policy

- 17.26.1. As GCNYC offers only postgraduate degrees, we do not anticipate that we will admit any students who are beneath the state drinking age. However, all state and federal laws, including the drinking age, will be fully enforced. Additionally, the GCNYC Code of Student Conduct, section 8, considers this a Major Offense.

17.27. Smoke Free Campus

- 17.27.1. In alignment with New York State and GCNYC policy, smoking is not permitted anywhere on the GCNYC campus.

17.28. Weapons Policy

- 17.28.1. Weapons (defined as instruments designed to cause injury, intended to cause injury, or imply a threat to cause injury), including simulated weapons, are not allowed on the GCNYC campus except when those possessed by Law Enforcement officials as recognized by appropriate governmental agencies. Those in possession of a weapon or a simulated weapon will be dealt with as a threat to campus safety and duly reported to NYPD and/or appropriate law enforcement agencies.

17.29. Class Cancellation (Weather) Policy

- 17.29.1. In the event of inclement weather or other acts deemed to make class meetings and College opening a safety risk for members of the community, the campus may be closed. Such decisions are made by the Vice President & Provost of GCNYC, the Director of Operations, or their designee. These announcements will be placed on the front page of the GCNYC website. It will also be sent to members of the GCNYC community who have registered to receive text message announcements.

17.30. Alcohol and Drug Policy

- 17.30.1. The possession, sale or the furnishing of alcohol on campus is governed by GCNYC's alcohol policy and New York State law. Alcohol is prohibited on campus except in the case of approved events where the sale and service of alcohol is being conducted by the College and/or an affiliated organization in accordance with College policy and State Law. Alcohol policies and applicable federal and state laws and regulations are strictly enforced by Campus Safety and Security.

- 17.30.2. Prohibited behaviors involving alcohol include, but are not limited to: use, sale, distribution, and possession; use, display or possession of any paraphernalia associated with alcohol; use of alcohol that leads to impairment and disorderly, destructive, or violent behavior to self or others; and, students under the age of 21 being in the presence of alcohol in the residence halls. The possession, sale, manufacture, or distribution of any controlled substance is illegal under Federal, State and Local law. GCNYC strictly enforces all applicable laws and policies.
- 17.30.3. Prohibited behaviors involving drugs, controlled substances, related synthetic materials, and related paraphernalia (including altered or constructed devices used to conceal or consume) include, but are not limited to: use, possession, display, distribution, sale, and being under the influence. Prohibited behaviors involving look-alike drugs include, but are not limited to: possession, consumption, distribution, use, and forcing another to ingest "imitation drugs" or synthetic materials that are either not intended for human consumption or used to produce effects similar to an illegal drug or a substance or drug being used for an unintended purpose (e.g., synthetic cannabis, herbal incense, and or herbal smoking blends, Whip-it and other similar products).

Students and employees that violate policy or law are subject to College disciplinary action, criminal prosecution (under the NYS Penal Law; Article 220 - Controlled Substances Offenses, and/or NYS Penal Law; Article 260 - Offenses Relating to Children, Disabled Persons, Vulnerable Elderly Persons), fine and imprisonment.

Please see the Federal Drug Trafficking Penalties in Appendix C and the Commonly Used Drugs Chart including uses and effects in Appendix D.

17.30.4. Disciplinary Sanctions for Students

Incidents are considered a violation of the Code of Student Conduct and subject to both College disciplinary procedures up to and including expulsion and criminal prosecution.

17.30.5. Disciplinary Sanctions for Employees

Any violation of this policy will result in disciplinary action, up to and including termination, and may have legal consequences.

17.31. Drug and Alcohol Abuse Prevention Information

17.31.1. Statement on Self-Reporting and Bystander Intervention (Good Samaritan)

GCNYC students are expected to be aware of their health and safety and to be bystanders who help fellow students when their health and safety is in danger. When a person's health or safety is threatened due to consumption of alcohol, unlawful drugs, controlled substances and/or other synthetic materials, domestic violence, dating violence, sexual assault or stalking, immediate actions should be taken. This includes alerting medical personnel, campus security, or an appropriate College official. In all cases, the incident will be documented. When determining the appropriate response in the conduct process, the College will consider actions taken by any student who seeks assistance on their own behalf or the behalf of another student experiencing a medical emergency related to consumption of alcohol, unlawful drugs, controlled substances and/or other synthetic materials. In some cases,

disciplinary sanctions may be reduced. This practice does not preclude action by Campus Safety or other legal authorities.

17.31.2. Alcohol and Drug Abuse Education Programs

At each New Student Orientation, GCNYC will present information designed to prevent the illicit use of drugs and abuse of alcohol by students and employees. The presentation will include services related to drug use and abuse of alcohol.

The College will annually disseminate written informational materials annually to both students and employees. These written materials include information on the College's standards of conduct, disciplinary sanctions for violations of the standard of conduct, possible legal sanctions and penalties, health risks associated with alcohol and drug abuse, educational programming available to students, staff and faculty, counseling services, and referrals.

17.31.3. Health Risks: Drug and Alcohol Abuse (referenced from the National Institute of Health-NIH)

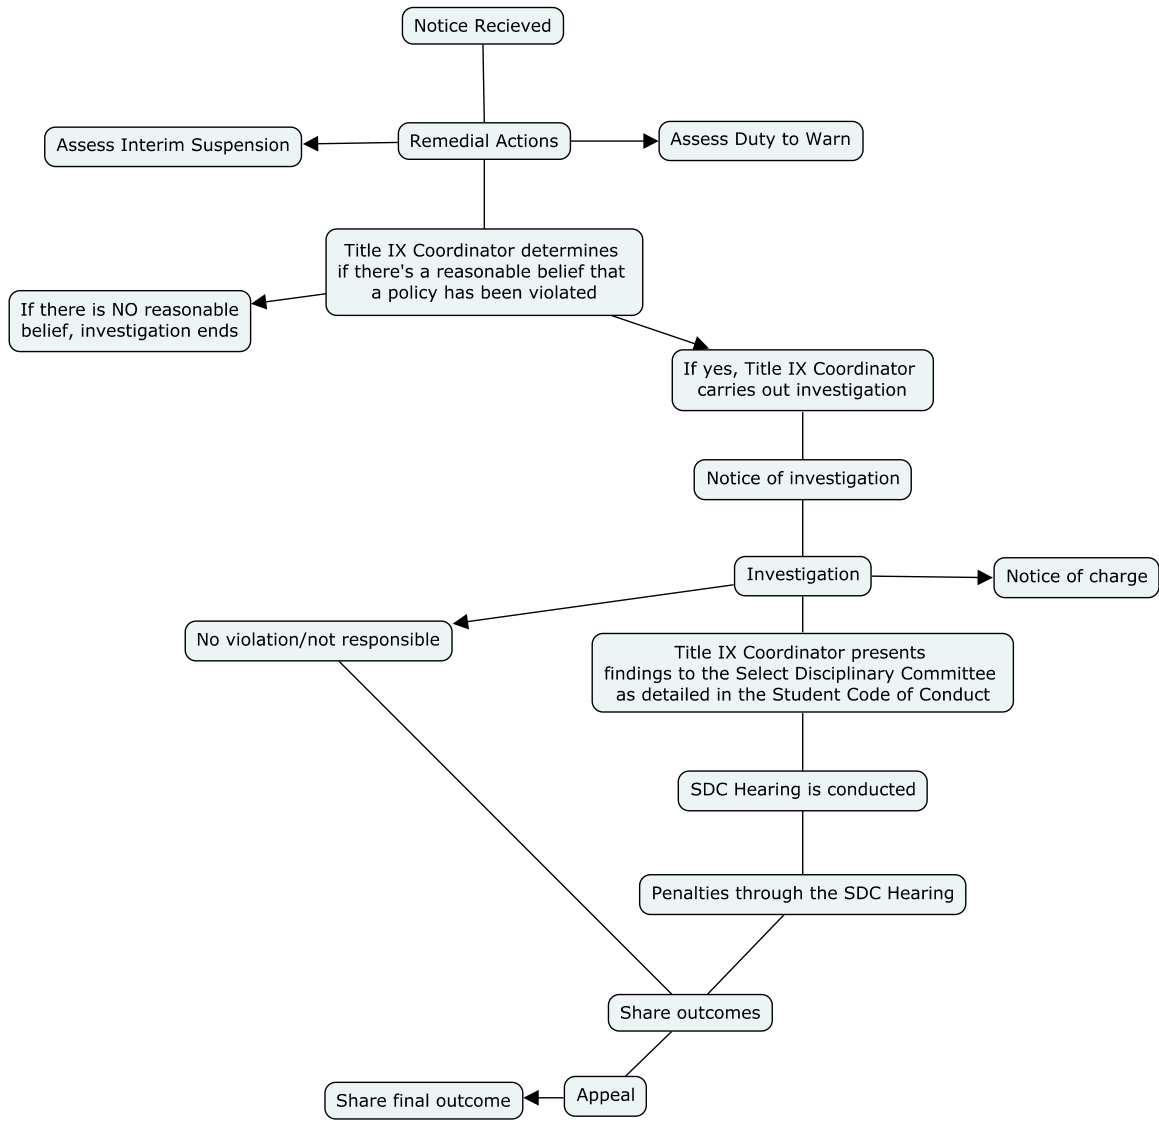

- Alcohol: Ethyl alcohol, or ethanol, is an intoxicating ingredient found in beer, wine, and liquor. Alcohol is produced by the fermentation of yeast, sugars, and starches. It is a central nervous system depressant that is rapidly absorbed from the stomach and small intestine into the bloodstream.
- Alcohol affects every organ in the drinker's body and can damage a developing fetus. Intoxication can impair brain function and motor skills; heavy use can increase risk of certain cancers, stroke, and liver disease. Alcoholism or alcohol dependence is a diagnosable disease characterized by a strong craving for alcohol, and/or continued use despite harm or personal injury. Alcohol abuse, which can lead to alcoholism, is a pattern of drinking that results in harm to one's health, interpersonal relationships, or ability to work.
- Drug addiction is a brain disease. Although initial drug use might be voluntary, drugs of abuse have been shown to alter gene expression and brain circuitry, which in turn affect human behavior. Once addiction develops, these brain changes interfere with an individual's ability to make voluntary decisions, leading to compulsive drug craving, seeking and use.
- The impact of addiction can be far reaching. Cardiovascular disease, stroke, cancer, HIV/ AIDS, hepatitis, and lung disease can all be a result of drug abuse. Some of these effects occur when drugs are used at high doses or after prolonged use; however, some may occur after just one use.

<p>FRIVOLES OF EFFECTIVE TREATMENT</p> <ol style="list-style-type: none"> Addiction is a complex but treatable disease that affects brain function and behavior. No single treatment is appropriate for everyone. Treatment needs to be readily available. Effective treatment takes into multiple needs of the individual, not just his or her drug use or misuse. Remaining in treatment for an adequate period of time is critical. Behavioral therapies— including individual, family, or group counseling—are the most commonly used forms of drug use disorder treatment. Medications are an important element of treatment for many patients, especially when combined with counseling and other behavioral therapies. An individual's treatment and services plan must be assessed continually and modified as necessary to ensure that it meets his or her changing needs. Many drug-addicted individuals also have other mental disorders. Medically assisted detoxification is only the first step of addiction treatment and by itself is unlikely to change long-term drug use and misuse. Treatment does not need to be voluntary to be effective. Drug use during treatment must be monitored continuously, as lapses during treatment do occur. Treatment programs should test patients for the presence of HIV/AIDS, Hepatitis B and C, tuberculosis, and other infectious diseases, provide risk-reduction counseling, and link patients to treatment if necessary. 	<p>Alcohol is a widely addictive stimulant drug made from the leaves of the coca plant native to South America. Appendix E: Procedures Victims Should Follow if a Crime of Sexual Assault, Domestic Violence, Dating Violence & Stalking Occurs

**Procedures Victims Should Follow if a Crime of Sexual Assault, Domestic Violence, Dating Violence & Stalking Occurs
(VAWA & CLERY ACT WRITTEN NOTIFICATION)**

If you or someone you know has been hurt by sexual assault, domestic violence, dating violence, or stalking, **GCNYC is here to help. You have the right to learn, and/or work in a safe and welcoming environment.** Violence is unacceptable, and College policy prohibits sexual assault, domestic violence, dating violence, and stalking. This document outlines steps to take depending on what services you want or need.

Your immediate and long-term safety is what's most important. The resources and options outlined below may be helpful as you decide what next steps are a good fit for you.

WHAT TO DO & HOW TO REPORT TO LAW ENFORCEMENT

- Get to a safe place. (For example, someone's home, the nearest hospital, or police precinct.) If you are the victim of assault and/or violence, the most important step is to get yourself to a place of safety to determine what courses of action you need to take
- Call 911 to be taken to an emergency room for medical care and/or for immediate police protection and assistance. A complete medical evaluation will include a physical examination, treatment, evidence collection, and counseling. Remember, you will not be made to do anything you do not want to do and may decline any part of the evaluation.
- If you have been sexually assaulted, it is important to seek medical care, especially if you have been physically injured. HOW TO REPORT TO CAMPUS AUTHORITIES

- Should you wish to formally report a crime to GCNYC, please contact the Title IX Coordinator, Jessica Chang-Russell Jessica.Changrussell@gcu.ac.uk. A Campus Security Authority can also file a report for you.
- Please know that reporting to GCNYC is not the same as notifying law enforcement. GCNYC is required to disclose that a crime has occurred but is not required to report names.

IMPORTANCE OF PRESERVING EVIDENCE

- Do not change clothes, bathe, douche, or brush your teeth. This is important for the evidence collection process that will occur at the hospital.
- If you seek to place a report with the police or press charges, it is best for evidence collection to occur within 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order
- Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to College adjudicators/investigators or police.
- Evidence collection does not require you to place a report with the police or press charges, but preserves evidence if you wish to place a report or press charges in the future.
- As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or

she nevertheless should consider speaking with Campus Public Safety or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the College at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

- Additional Important and helpful information is available from RAINN (Rape And Incest National Network): <https://rainn.org/get-information/aftermath-of-sexual-assault/preserving-and-collecting-forensic-evidence>
- If you are the victim of stalking, please keep all emails, texts, and any other methods of contact.

CONFIDENTIALITY, ACCOMMODATIONS & PROTECTIVE MEASURES

- GCNYC will take every step to keep your information private.
- Your confidentiality will be respected in any discussions you have with GCNYC staff.
- GCNYC will not share personally identifiable information about a reporting individual in any public notification or publicly available recordkeeping including Clery Act reporting and disclosures.
- While GCNYC is legally required to report that a crime occurred and to warn others if a danger is posed, these reports will never provide any details which could reveal your identity.
- The GCNYC Title IX Coordinator will take action to assist you with any reasonable accommodations and protective measures you might require, including academic accommodations; working accommodations; or other additional necessary measures. They are designed to restore or preserve equal access to the College's educational and working programs or activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties and the broader College community, or deter sexual harassment. While a supportive measure may impose some restrictions on a party, it will not unreasonably burden them. The College may provide supportive measures to the reporting individual or respondent, as appropriate, as reasonably available, and will do so without fee or charge, regardless of whether the complainant seeks formal disciplinary action. Once supportive measures are approved, the parties or affected individuals will be notified in writing of the supportive measures. The College will maintain any supportive measures provided to the reporting individual or respondent as confidential to the extent possible.

Protective measures and accommodations may include:

- counseling;
- extensions of deadlines or other course-related/academic adjustments;
- modifications of work or class schedules;
- modifications to mode of attending work or class (virtual or on campus);
- campus escort services;
- mutual restrictions on contact between the parties;
- leaves of absence;
- increased security and monitoring of certain areas of the campus; and/or
- any other measure that can be used to achieve the goals of this policy.

Requests for supportive measures may be made by or on behalf of the reporting individual or respondent to any College official, including the Title IX Coordinator. The Title IX Coordinator is responsible for ensuring the implementation of supportive measures and coordinating the College's response with the appropriate offices on campus.

All individuals are encouraged to report concerns about the failure of another to abide by any restrictions imposed by a supportive measure. The College will take immediate action to enforce a previously implemented measure and disciplinary sanctions can be imposed for failing to abide by a college-imposed measure.

The College will maintain any supportive measures provided to the reporting party or respondent as confidential to the extent that maintaining such confidentiality would not impair the ability to provide such accommodations or protective measures.

New York State Student Bill of Rights

In accordance with New York State Education Law, Article 129-B, also known as Enough is Enough, the following is the list of rights students can expect when reporting or responding to sexual offenses and relationship violence at GCNYC:

All students have the right to:

- Make a report to local law enforcement and/or state police;
- Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;
- Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure by the institution;
- Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
- Be treated with dignity and receive from the institution courteous, fair, and respectful health care and counseling services, where applicable;
- Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed or should have acted in a different manner to avoid such crimes or violations;
- Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;
- Be protected from retaliation by the institution, any student, the accused, and/or the respondent, and/or their friends, family, and acquaintances, within the jurisdiction of the institution;
- Access at least one level of appeal of a determination;
- Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process; and

New York State Crime Victims Bill of Rights

Victims of crimes in New York State have the following rights:

- A free copy of the police report, even if there was no physical injury.
- Payment waiver of fees for replacing a driver's license, permit, registration and license plates which were lost or stolen as a result of a crime.
- Have law enforcement and the District Attorney inform employers that the criminal case may require work absences. They can also explain the circumstances of the crime to creditors.
- Not to be penalized by an employer when appearing as a witness in a criminal proceeding, consulting with prosecutors or exercising other rights under the law. A violation of this law by an employer is a B misdemeanor. Employers, however, may withhold wages in these situations.
- File for victim compensation and assistance with the New York State Office of Victim Services. Victims of physical injury or relatives of murder victims are entitled to out-of-pocket expenses incurred as a result of the crime. These expenses may include the repair or replacement of damaged property, loss of earnings or support, medical and counseling bills, crime-scene cleanup or funeral expenses. Crime victims may also be eligible for transportation expenses incurred for necessary court appearances. Kidnapping, stalking and unlawful imprisonment victims may be eligible for an award to cover loss of earnings or support, unreimbursed costs for counseling, rehabilitative training and the costs of damaged essential personal property and security devices. Claims must be filed within one year of the crime or within one year of the victim's death. You can obtain a claim form from the police, the District Attorney, a hospital emergency room, the Office of Victim Services or from the Office of the Attorney General. Assistance is also available from other programs such as rape crisis centers and domestic violence and child abuse programs. Ask the District Attorney's office for referrals.
- Be notified of criminal proceedings. Victims who provide a current address and telephone number to the District Attorney have the right to be notified of the accused's: arrest; first appearance before a judge; release from jail while the criminal proceeding is pending; entry of a guilty plea, trial and sentencing; maximum and minimum terms of imprisonment if the offender is sentenced to prison and parole hearing date.
- Freedom from intimidation, threats or harassment. Intimidating a victim or a witness is a felony, apart from any charges the accused may already face. If you are threatened or your property is damaged by anyone connected to your case, you should contact the District Attorney's office and law enforcement immediately.
- Notice of discharge, release or escape of offender from a correctional facility. The District Attorney has a form to be completed in order to stay informed. The New York Victim Information and Notification Everyday (VINE) system provides up to date information about the custody status of offenders via the telephone or internet. Crime victims and other New Yorkers can call 888-VINE-4NY (888-846-3469) or go to www.vinelink.com to secure information about incarcerated defendants. By providing an inmate's identification number or date of birth, which you can obtain from the District Attorney, you can learn sentencing and release information. You may also register with VINE for automatic notification by telephone when the inmate is released.

18. Emergency Action Plan

18.1. Introduction

All employees and students should familiarize themselves with this plan and its requirements. In addition, all fire alarms are visual as well as auditory, and all fire exits are clearly indicated. For special events during which we have large numbers of attendees, we have hired fire marshals in attendance—their directions and instructions should be followed at all times. A first aid kit and defibrillator are available on the main level. Fire extinguishers are located throughout the building and the building is equipped with sprinklers.

18.2. Emergency Notifications

- 18.2.1. For instances where a significant emergency, potentially dangerous situation or immediate threat is confirmed, an Emergency Notification will be issued to all students and employees of GCNYC. (This Notification will be issued in lieu of a Timely Warning.) These include all incidents identified in the GCNYC Emergency Action Plan, but the Vice President & Provost and/or the Title IX Coordinator have the right to expand those definitions based on their own discretion. These include, but are not limited to terrorist attacks, active shooters, natural disasters, environmental phenomena, weather, or infectious disease.
- 18.2.2. The Emergency Notification upon confirmation of the report of danger, will be sent without delay. Confirmation can include and be based on information from civil authorities, public media, or direct report or witnessing of situations.
- 18.2.3. Emergency Notifications will be issued to students and staff via some combination of text message, email, web posting, in building announcements, and/or public placards. Every effort will be made to ensure that reach of the notification is comprehensive.
- 18.2.4. An Emergency Notification may be sent by the Vice President & Provost, the Title IX Coordinator or a designee who is directed in writing to assume that responsibility in their absence from campus at the required time of the Notification. The College has developed a library of potential messages to be used for Emergency Notifications.
- 18.2.5. The issuing of an Emergency Notification will be recorded as an incident in the campus' Daily Crime Log.

18.3. Testing

- 18.3.1. GCNYC facilitates testing of our Emergency Action Plans and Emergency Notification procedure at least once per year. These tests will include students, staff and faculty and may be announced or unannounced. During such tests/drills, building occupants will be re-familiarized with the College's emergency response and evacuation procedures. All tests conducted will be documented by the Title IX Coordinator or their designee and will include a description of the exercise, the date, time and whether it was announced or unannounced.

18.4. Building Evacuation

- 18.4.1. If the fire alarm is triggered, all individuals should exit the building.
- 18.4.2. The fire alarm will be used for any threat to safety that requires evacuation of the building. Even if students or staff do not smell smoke or see flames, they are required to exit the building.
- 18.4.3. Upon exiting the building, turn left and head toward Broome Street. The meeting point will be the northwest corner of Broome and Wooster Streets:
 - I. Do not remain in front of the building as Emergency Vehicles will be arriving.
 - II. Do not depart until you have checked in with both GCNYC Incident Commanders, who will ensure that everyone is present after the evacuation. If you wish permission to depart, please ensure that you have informed both Incident Commanders.
- 18.4.4. If a student has important information about the incident or anyone still in the building, the student should report it immediately to one of the GCNYC Incident Commanders, who will communicate the information directly to Emergency Responders.
- 18.4.5. Once the students and staff have departed the building, no one may not re-enter until an Incident Commander, who after receiving clearance from Emergency Responders, says it is safe to return.

18.5. Seeking Shelter

- 18.5.1. If a safety threatening event occurs for which safe shelter is required, when directed, all individuals should go to the ground floor of 64 Wooster Street and remain as far to the east end as possible (inside Classroom 3).
- 18.5.2. While it is recommended that students and staff stay, they may assume the risk of departing; HOWEVER, before doing so, they must receive acknowledgement from both Incident Commanders.

18.6. Medical Emergencies

- 18.6.1. If someone should become seriously ill or injured, call or ask someone to call 911. Immediately report this to a College official. That College official will become the Incident Commander and will be the primary contact with emergency personnel. Be sure to pass on any and all relevant information to them.

18.7. Active Threat

- 18.7.1. In the event of an active threat such as an active shooter or other act of criminal violence, the College will (if safe to do so) send out a Campus Alert text message reading, "Shelter in place" or "Evacuate the building."

18.7.2. College Personnel will keep you updated and/or provide further direction as they are able and as the situation warrants. At no time should students or staff/faculty accept directions from anyone other than a College Incident Commander, Campus Security Guard or Law Enforcement Personnel.

18.7.3. **If you are on-campus during an active shooter:**

- **Run. Get out and get away as quietly and quickly as possible.**
 - Evacuate regardless of whether others agree to follow
 - Leave your personal belongings behind
 - Help others escape, if possible.
 - If you can't run out, you can run away, buy time and create distance between yourself and the attacker
 - Call 911 as soon as it is safe to do so

- **Hide. If you cannot run, find a place to hide where the attacker is less likely to find you.**
 - Lock and/or barricade doors
 - Turn off lights
 - Remain quiet
 - Stay out of the attacker's view
 - Silence your cell phone
 - Hide behind large items that could protect you

- **Fight. If all else fails, and only as a last resort, attack the shooter with whatever makeshift weapons you can find (scissors, portable fire extinguishers, chairs, etc.) to disarm and disable. It is best, when possible, to work with others.**

18.7.4. **Afterwards:**

- When law enforcement arrives:
 - Remain calm and follow law enforcement personnel's instructions
 - Keep hands visible at all times
 - Avoid making quick movements towards law enforcement personnel
 - Do not stop to ask the officers for help or directions when evacuating. Just proceed in the direction from which they entered the premises.

18.8. Incident Commander Responsibilities and Actions

18.8.1. Incident Commanders will be the primary responsible parties for GCNYC in an emergency situation and are the primary contact for emergency personnel. Incident Commanders will:

- i. Ensure that everyone has vacated the building in an evacuation situation
- ii. Ensure that individuals exit the building in a timely manner
- iii. Ensure that all individuals are in the appropriate areas in a seek shelter situation
- iv. Ensure that everyone is accounted for

18.8.2. Unless otherwise communicated, the Incident Commanders will be:

From 9am-6pm:

- Vice President & Provost
- Title IX Coordinator
- If the above are unavailable, a GCNYC staff Director may assume this role

After 6pm:

- Campus Security
- or a Faculty member present on campus

19. Intellectual Property Policy

19.1. Purpose

- 19.1.1. Glasgow Caledonian New York College (“GCNYC” or “College”) encourages and supports scholarship and research, technical and creative efforts, and other academic and service activities and products of its faculty, staff, and students. As part of the mission of the College, employees and students produce new written materials, and many other expressions of research, creativity, and scholarly activity. These works often involve the rights and rewards of ownership, as well as responsibilities and a need for protection during development; these concerns affect the individuals involved as well as the College. GCNYC recognizes that ownership and benefit from intellectual property may be multifaceted and strives to ensure appropriate benefits to all contributors.

19.2. Applicability

- 19.2.1. This policy applies to all GCNYC faculty members (including adjunct faculty and visiting scholars), staff, and non-employees of the College engaged on a contracted basis, and students (collectively “Covered Parties”).

This policy applies to all forms of intellectual property, comprising all forms of expression and technology whose ownership is subject to legal protection in the United States or internationally, including but not limited to copyrights, patents, trademarks, other designations of source and all associated goodwill, tangible research property, and rights in data and other proprietary information.

19.3. Ownership of Intellectual Property

- a. Intellectual property created by Covered Parties is owned by the College if it is created within the scope of College employment.
- b. Academic works, such as books and articles, lectures, visual materials, and other teaching materials, are owned by the Covered Parties authoring them rather than the College, even if the academic works otherwise were created within the scope of employment. Where this intellectual property is incorporated into educational resources designed for ongoing College use, the College shall have a perpetual, nonexclusive, royalty-free license to use such intellectual property.
- c. If intellectual property is made by a student as part of student coursework at the College, the rights to that intellectual property are ordinarily owned by the student. The College will retain ownership when intellectual property arises from the student’s work within the scope of College employment. The College may also retain ownership under the terms of an agreement with the student, such as an agreement regarding financial assistance, a research fellowship, or other student employment agreement.
- d. The allocation of rights in intellectual property arising from research or creative work sponsored by government, industry, or other external organizations will typically be governed by the terms of a written agreement between the College and the sponsor. The College ordinarily will be required by the agreement or by law to grant the sponsor a license, maintain or disseminate data, or grant other rights relating to intellectual property arising from the

research or work and accordingly will take ownership of such intellectual property in order to meet its contractual obligations. Ownership and other provisions of this policy are subject to such agreements.

- e. The College and an individual Covered Party may negotiate specific written agreements for special projects such as College publications, digital courseware, or distance-learning curricula. Such agreements may reallocate intellectual property rights or otherwise alter application of this policy.
- f. Covered Parties who enter into consulting agreements or other private agreements with parties outside of the College must ensure that such agreements contain no requirement to assign or otherwise transfer rights in any intellectual property owned by the College under this policy. Arrangements with other research institutions that involve dual appointments, visiting scientist agreements, and other arrangements that may require exceptions to this policy require prior written approval by the Vice President and Associate Provost for Research.
- g. The owner of intellectual property that is subject to this policy, or licensee as may be applicable under section III.b above, shall bear all their expenses related to commercialization and/or protection, (e.g., licensing, selling, securing copyright or patent protection) of the intellectual property.

19.4. Publication

- 19.4.1. Nothing in this policy shall limit or restrict the right of Covered Parties to publish their intellectual property (e.g. papers, results of their research, etc.).

19.5. Income from Intellectual Property

- 19.5.1. Income (e.g., royalties, equity, sales) related to intellectual property shall be the property of the owner of the intellectual property, as ownership is defined by this policy.

MS in Sustainable Fashion	
Description:	
<p>GCNYC's M.S. in Sustainable Fashion prepares students for leadership in transforming the business and creative strategies of the fashion industry to support sustainability, social equity, and ethical practice. Building a new sustainably-focused fashion business, or shifting an existing business not currently managing sustainability considerations, requires a specific set of skills, considering all needs of the business from supply chain to marketing messaging. As the world changes and demands a new paradigm for operating a business – eschewing the former singular goal of profit for shareholders and replacing that with the need to serve a wide range of stakeholders – a new knowledge base, a greater flexibility and an entirely different skill set is required to succeed. Success under such a paradigm is not just <i>doing better than before</i> but actively <i>doing good</i>.</p>

MS in Risk, Resilience and Integrity Management

Description:

Radical transparency is becoming the norm for every aspect of business operations – and consumers, employees, investors and governments are increasingly demanding more ethical and sustainable practices. And rightly so. Blockchain, integrated reporting, carbon-disclosure projects and the real-time pressures of social media mean that more companies are willingly opening themselves to public scrutiny—exposing themselves to new risks. Nimble managers in this environment need to anticipate these risks and respond effectively to everything from a supplier’s inhumane labor practices to the increased environmental impact of a boost in production. As a student in GCNYC’s search-based Master’s in Risk Management, you’ll gain the knowledge and practical skill set to navigate the complexities and challenges of the dynamic and growing field of risk management.

GCNYC-4-03	Fashion as Culture and Culture as Fashion	4	None
We are all curators, with endless content to consider. As visual language becomes dominant in an online consumer marketplace, how do we understand the provenance, relevance, value, worth, and cultural power of fashion? By interrogating the exchange between consumer desire and corporate fashion marketing, this course proposes further investigation of their inherent duopoly. We will consider fashion as an indicator of social affinities, aspirations, privileges — and also of personal, societal, and environmental costs and benefits. As traditional notions of value shift, we'll envision how we might redefine "luxury" in the context of both climate change and intersectionality. Brand identity is a conceptual and paradigmatic force; we'll examine its impact on consumerism and ask the question: What are the politics of aesthetics and how are they changing?

GCNYC-1.5-30	Sustainable Fashion Proseminar	1.5	None
<p>Embedding sustainability or positive impact considerations with an organization, business, community, or other complex system requires a diverse skillset, long term vision, and flexibility. And while the academy offers an increasing set of theoretical and practical tools for those hoping to tackle issues of sustainability within the fashion industry, much of the progress being made is coming from those grappling with the issues within the industry in real time. GCNYC draws on 140 years of our parent university's commitment to the Common Good, something which parallels the shift in fashion business objectives from a mindset of increasing profits to adding value. Companies operating in the fashion and lifestyle space need to prove their commitment to the common good, or risk existing at all. This module connects students directly with leading practitioners of sustainable and impact-focused fashion, who confront sustainability management issues daily within their respective organizations. Through guest presentations from ten different industry practitioners, students will engage in dynamic discussion, readings, and writing assignments in order to understand real challenges, current motivations, and shifting stakeholders for sustainable-focused fashion businesses. The expert guest presenters, who work in the public, private, and nonprofit sectors and in a wide variety of organizations all focused on driving change within the global fashion industry, will make presentations in each class followed by interactive question and answer sessions with students. Student will reflect on the presentations and subsequent discussions through weekly assignments and group projects.</p>

GCNYC-0-44	The Fashion Data Landscape	0	None
The fashion industry is facing a bleak data landscape. Lack of transparency, siloed data, data paywalls, and misinformation abound and keep the industry from making effective progress towards sustainability and impact targets. It is increasingly important to be both data literate and to understand how to effectively leverage data in order to be an agent of positive change for the global fashion industry. Instructor Caroline Priebe, founder of The Center for the Advancement of Garment Making, leverages her broad experience to break down the current fashion data landscape including the state of big data, measurement tools, data ethics, motivations for using data, and debunking data myths. The course also covers the use of "good data" in the fashion industry to achieve impact goals including waste reduction, reduced carbon footprint, and reducing pollution.
